

AMERICAN TROOPS ARE KILLED IN BATTLE

600 INSURGENTS SLAIN

FIERCE FIGHT AT PHILIPPINE ISLANDS

MANILA, MARCH 6.—A BATTLE BETWEEN UNITED STATES TROOPS, A CONTINGENT OF THE NAVAL DEPARTMENT, THE CONSTABULARY, AND A BODY OF HOSTILE MOROS OCCURRED AT MOUNT DAJO, NEAR JOLO, OPENING ON THE AFTERNOON OF MARCH 6 AND ENDING ON THE MORNING OF MARCH 8. THE UNITED STATES ARMY LOST FIFTEEN ENLISTED MEN KILLED AND FOUR WOUNDED. THE NAVAL CASUALTIES WERE THREE WOUNDED, WHILE IN THE CONSTABULARY THREE MEN WERE KILLED AND FOURTEEN WOUNDED. THE BATTLE RESULTED IN THE DESTRUCTION OF A BAND OF OUTLAWS, AND UP TO THE PRESENT TIME 600 BODIES HAVE BEEN FOUND. THE ENGAGEMENT WAS UNDER THE DIRECTION OF MAJOR-GENERAL WOOD, WHO WAS PRESENT ON THE SCENE.

OUTLAW BAND IS WIPED OUT; UNCLE SAM'S LOSS IS LIGHT

MANILA, March 9.—Major-General Wood reports from Jolo as follows: A severe action has taken place between troops, a contingent of the naval department, the constabulary and a body of hostile Moros at Mount Dajo, near Jolo, opening on the afternoon of March 6 and ending on the morning of March 8.

The action involved the capture of Mount Dajo, a lava-capped cone 2100 feet high from the crater on the summit, extremely steep, the last 400 feet being at an angle of sixty degrees. Traversing its slopes are fifty perpendicular ridges covered with a growth of timber, strongly fortified and held by an invisible army.

ARMY AND NAVY CASUALTIES

The army casualties were fifteen enlisted men killed, four commissioned officers wounded and thirty-two enlisted men wounded.

The naval casualties were Ensign H. D. Cooke, commanding the Pampanga, wounded in the foot, severe; Cockswain Gilmore, wounded in the elbow, severe.

The constabulary casualties were: Captain John R. White, wounded in the thigh, severe, three enlisted men were killed and thirteen wounded. Captain Tyree Rivers sustained a flesh wound in the thigh; Lieutenant Gordon, wounded in the right hand, slight; Lieutenant Conway of the Sixth Infantry, wounded in the left eye, slight. The wounded are doing well.

The action resulted in the destruction of a band of outlaws recognizing no chief that had been raiding friendly Moros on the target range at Jolo, and through defiance had stirred up a dangerous condition of affairs. Colonel Joseph W. Duncan of the Sixth Infantry directed the operations.

SIX HUNDRED BODIES FOUND

All of the defenders of the Moro stronghold were killed and six hundred bodies were found in the works. The artillery were lifted by a block and tackle a distance of 300 feet into position on the lip of the crater.

Brigadier-General Bliss and myself were present throughout the action. The attacking columns were commanded by Major Omar Bundy, Captain E. P. Lawton, Captain Rivers, Captain L. M. Koehler, Captain McGlachlin and Lieutenant Johnson.

The officers and men engaged highly commend the Moro constabulary, who did excellent work, their casualties numbering seven-

It is impossible to conceive a stronger natural position than that attacked.

OFFICIAL ACCOUNT OF FIGHT

WASHINGTON, March 9.—The official account of the fight near Jolo is contained in the following cablegram received at the War Department this morning:

"Military Secretary, Washington: Following condensed from Major-General Wood's dispatch from Camboango, March 9:

"Troops, naval detachment, constabulary, Colonel Joseph W. Duncan commanding, attacked Moro fortifications in crater on Mount Dajo, near Jolo. Action lasted afternoon March 6 until morning March 8. Mount Dajo 2100 feet high, last 400 feet, angle 60 degrees, lava ridges, heavy timber. Artillery lifted by block and tackle 300 feet.

"Moros depredated from stronghold for past eight months and resisted to the death. About 600 killed. Major-General Wood and Brigadier-General Tasker H. Bliss were present throughout action.

CLAIMS HER AS HIS WIFE

ROMANCE IN CASE OF PRETTY NURSE.

Miss Mae Dillon, the trained nurse, twenty-four years of age, who is charged with the unlawful appropriation of a feather boa while acting in a professional capacity at the home of E. J. Smith, an East Oakland contractor was doubly indignant this morning when she was arraigned before Police Judge Samuels.

Her first indignation was caused by the fact that she had the humiliating charge of petty larceny placed against her by a man whom she says owes her money. Her denial impresses those to whom she has told her story of her innocence.

CLAIMED AS WIFE.

The second indignation which possesses the young woman to the exclusion of other emotions is caused by the fact that a man by the name of J. P. Sullivan, residing at 602 Fourth street, San Francisco, called at the police headquarters last night and stated that Mae Dillon was none other than his wife and that they had had lots of trouble.

"I don't know that man," said Miss Dillon this morning. "and I won't recognize him."

From the amount of fire that crept into the eyes of the young nurse and the vehemence that she threw into the denial as she declaimed the acquaintance of Mr. Sullivan, it might be gathered that she did know that individual, that she scorned even the mention of his name, and that she was trying to shield from the curious a shattered romance.

DIDN'T HAVE MONEY.

"Why did Sullivan come over to see you?" she was asked.

"Maybe he came over to put up bail for me," corrected Miss Dillon, "he did not have the money."

"You have been married, have you not, Miss Dillon?" was the next question asked of the fair defendant.

"I won't tell you whether I have or not. It is not fair to say such things about me."

"I don't want to talk about the case. When it is all over I will tell you a good story."

Miss Dillon would not condescend to talk more of the strange Mr. Sullivan, who projected himself into the case without obtaining the sanction of the woman he calls wife.

To the charge of having taken the feather boa, Miss Dillon entered an emphatic plea of "not guilty."

Judge Samuels put the case down

CHIEF OF POLICE IS A SUICIDE

Fearing Exposure, Church Member Commits Suicide.

PORTLAND, Ore., March 9.—A dispatch to the Telegram from Eugene, Oregon, says that Chief of Police Joseph S. Stiles committed suicide last night by shooting himself in the head. His body was found early today in an old tannery building on the outskirts of the city. Stiles was fifty years of age, a man of family, and a member of the Christian Church.

The cause of the deed is supposedly in connection with investigations of the grand jury in regard to a statutory charge, combined with the giving of liquor to young girls.

Constable Virgil Rowland was indicted last night as a result of these investigations, and it is asserted that other indictments are probable.

SAVE WOMAN FROM GALLOWES

TRENTON, N. J., March 9.—The sentence of death imposed upon Mrs. Antonietta Tolla for the killing of Joseph Sonta was today commuted to seven and a half years' imprisonment by the Court of Pardons. The votes stood 5 to 2.

Mrs. Tolla was to have been hanged next Monday. This is the first time the Court of Pardons has ever commuted a death sentence to other than life imprisonment.

WEARY, HE ENDS HIS LIFE

SAN FRANCISCO, March 9.—Disgusted with a life embittered by a hopeless and ever-increasing desire for drink, Caesar Sychowski, a Swiss about sixty years of age, sought a vacant house at 725 California street yesterday afternoon or last evening and there ended his existence with a dose of carbolic acid.

In a tumbled down, rambling old structure right in the shadow of fashionable Grace Episcopal Church, the

LURE GIRLS TO THEIR RUIN

SIDE ROOMS TO SALOONS ARE A MENACE.

Alameda knows today that she has too long slumbered in the fancied security of her own righteousness.

One of her own daughters, Lena Horn, aged 15, is a jail held as the accused of a married man of a felonious charge and of two bartenders of providing her with liquor.

Another girl, Louise Costa, two years older who is also held seems to have found life around her Oakland home too dull and sought rather the gay whirl of the Emerald City.

NOT A SURPRISE
Alameda people admit that these things have not come entirely as surprises to them. They know that most of their town's saloons have back rooms where women as well as men are served with liquors but the city ordinances forbid sale to minors and Alamedans considered that all the protection necessary.

Alameda has a dance hall or two where the young people hold frequent socials and it is said to be quite the thing for the young couples to slip into one of the near by back entrances for a glass or more of liquor.

BACK ENTRANCES
But the Horn affair has shown another and blacker side to the back entrance. Are these rear rooms the means of debauching girls of 15 or 16? Is the question Alamedans are asking?
No one has a very good word to say of poor Lena Horn, young as she is, and no one could say without ridicule that she was an unwilling party to even the initial steps of Tuesday night orky. But everyone is asking: Did Lena Horn learn her first lessons of vice in those back rooms of saloons and if she did how many more of Alameda's daughters are being started on the downward course by the same means?

MAKES NO DENIAL.
Frank von Berckefeldt, a saloon at 1556 Park street was one of those to which the Horn and Costa girls were taken Tuesday night.

Berckefeldt has a wholesale department next to the saloon. An alley cuts in above the wholesale place runs behind the latter and so on to the rear of the saloon. The rear room is a cozy little apartment with chairs and a table and a bell to call the bartender.

Robert Lenhamin bartender for von Berckefeldt who is under arrest for selling liquor to the girls does not deny the charge but seeks to justify himself.

ORDER LIQUOR
Those people came in about half past nine Tuesday night he said. "None of them seemed to be under the influence of liquor. They ordered two glasses of beer each and nothing more. They made no disturbance."

"As to the age of the girls I am willing to swear."

DEATH OF YOUNG ACCUSED MOTHER ON TRIAL

MRS. J. V. CALHOUN, NEE SCHAF-ER, PASSES AWAY IN SAN FRANCISCO.

Death has claimed, at an early age, a young and devoted mother and one of the fairest of Oakland's daughters. Mrs. Dr. James Vernon Calhoun, sister of Assistant Postmaster Schaffer of this city, who passed away early yesterday morning in Lane Hospital, San Francisco, after an illness extending over only a few days.

The deceased was known here before her marriage as Daisy Pauline Schaffer. She was born here twenty-six years ago and it was here that she received her education and grew to maturity. It was here also that she went forth a bride to take possession of the home provided for her in San Francisco. There was no premonition, then, that, within a few years, she would return for sepulture in the midst of those who had known her in the joyous days of childhood.

Mrs. Calhoun was taken ill last Saturday. She was moved for treatment to Lane Hospital, San Francisco, where she received the care of Drs. Sonners, Caul and Cheney. It was deemed necessary to perform an operation in order to save her life, but the desired end was far from being attained.

Mrs. Calhoun leaves a husband and two children, a son named Vernon, only fifteen months old and a daughter, Thelma, who has attained her third year. She also leaves a sorely tried mother, Mrs. Schaffer, three sisters and two brothers, namely, Mrs. J. W. Phillips, Miss Albertine Schaffer, Miss Antonia Schaffer, Mrs. Camelia Ernst, who is a resident of Germany, Melkie Schaffer of the money-order department of the local Postoffice and Paul J. Schaffer, assistant postmaster of Oakland.

The funeral will take place Sunday afternoon at 2:30 o'clock from the undertaker's parlors of James Taylor.

The remains will be interred beside those of the father of the deceased, who passed away many years ago.

WILLIE AND HIS GLAD RAGS

Why, ever since Solomon's time, there hasn't been a store on earth that could touch this one on nobility. I declare they are just the greatest things on the clothes line that I ever saw, and I have been raised right among the best dressers in this country.

These new sack suits we are showing are stunner and no mistake—right up to the minute in style and away ahead in quality. Seems as though there would be a limit some time to the assortment and a curtailing on style, but shucks—won't stop a store that anchored on these shores long before its patrons were born. This business started to grow in 1876 and has been going on up the scale ever since. This is 1906—watch it in 1907.

YOUTH ACCUSED MINERS GIVEN TIME

FRANK BOWEN, CHARGED WITH ATTEMPTED BURGLARY, FACES COURT.

The trial of Frank Bowen, a well-connected society youth of Alameda who, with Donald McKisick, son of former Justice McKisick of the Supreme Court of this State, was arrested in Alameda on a charge of having attempted to enter the Southern Pacific ticket office at Central Avenue and Seventh street, was begun this morning. Policeman A. S. Blink was the first witness called. He told the story of how he arrested the two youths shortly after midnight in the vicinity of the station.

Bowen is a tall young man, wears eyeglasses and is good looking, but has been a trial to his mother, who sits near him in the courtroom. A brother has also been in trouble with the police. At the time Bowen was arrested he had a long piece of iron that very much resembled a stove poker, up the sleeve of his coat. It is claimed that this was used as a "dumny" to try and pry open the door of the station. The door itself is in evidence in court to show the marks that one relieves the end of the iron taken from Bowen fits these marks.

This is almost all of the evidence against Bowen, but it is being presented by Deputy District Attorney W. H. L. Hynes in a manner that makes it a strong circumstantial case against the boys. The time of night, their being found within a few feet of the station, and the piece of iron in Bowen's possession, are pointed to by Attorney Hynes to make out an apparent case against the accused youths.

Miss May McKay and Miss Bennen-son, the two girls at the station in question, were called. They knew nothing about the robbery further than that they saw the boys at the ticket window and both could testify to the condition of the door the next morning. Miss Bennenson also stated that when she left the station that night she had left the light in the waiting room burning. When it was found a few hours later it was found to have been turned out.

WEARY, HE ENDS HIS LIFE

aged inmate took the draught that ended his life.

The place that Sychrowski chose for his last leave-taking is one peculiarly fitted for his purpose. Two long, rambling old houses that have been for many years in a state of decay, stand on California street just below Grace Church at California and Stockton streets. At one time they were evidently used for a paper factory and throughout the rooms are carpeted a foot deep with scraps of paper. Into one of these back rooms through an alley went the old man. His money was gone, he had not paid his room rent for three months and he was thoroughly discouraged.

BODY IS FOUND.

When found his body was doubled up in pain and his hands were clutching the unstable covering on the floor.

Sychrowski lived at the Helvetia Hotel at 621 California street. He had the reputation there of living only to drink.

Last Monday he was put out for non-payment of room rent and told a friend of his that he had no desire to live. He could not have been dead a great while when found, as a cheap watch in his pocket was still running, and when the body was removed marked 9:55.

Sychrowski was found by a friend, one Antoine Humbert, who disclaims any relationship with the Mme. Humbert, not unknown to Parisian financiers. Humbert went into the old house to rest and coming upon the body of his friend recognized him and at once notified the police. At least that is his story. Detective Harry Reynolds, however, has a suspicion that perhaps Humbert slept in the old house himself last night.

Detective Harry Reynolds, however, has a suspicion that perhaps Humbert slept in the old house himself last night.

Sychrowski was found by a friend, one Antoine Humbert, who disclaims any relationship with the Mme. Humbert, not unknown to Parisian financiers. Humbert went into the old house to rest and coming upon the body of his friend recognized him and at once notified the police. At least that is his story. Detective Harry Reynolds, however, has a suspicion that perhaps Humbert slept in the old house himself last night.

MEN CHARGED WITH MURDER OF GOVERNOR STEUNEN-BERG ARRAIGNED.

BOISE, Idaho, March 8.—Charles H. Moyer, William D. Haywood and George A. Pettibone were arraigned this forenoon before District Judge Frank Smith, at Caldwell under indictments charging them with the murder of former Governor Frank Steunenberg in that city on the night of December 30 last.

On motion of counsel for the prisoners, who asked for time to prepare a motion to quash the indictments, further proceedings were postponed until next Friday, when the defendants again will be brought into court to enter their pleas.

CONSIDER LEGALITY

City Attorney to Probe Request for a Franchise.

At the meeting of the City Council last night the application of the Oakland Traction Company for a franchise along Webster and Second streets was referred to the City Attorney for an opinion as to the legality of certain points. Those present at the meeting were Councilmen Altken, Baucus, Burns, Donaldson, Hahn, Moore, McAdam, Pendleton, Thurston and President Fitzgerald.

Under suspension of the rules \$200 was passed for the planting of California Alarps on Broadway from 21st street northward. The trees will be planted on both sides of the street.

It is the intention of the Council to plant at least one street a joint with trees.

ORDINANCE FOR BOYS. Councilman Altken introduced an ordinance making it a misdemeanor for any person not an employee of the street railway company to jump on or off cars in motion. There is already an ordinance

In effect at the present time but it is not deemed sufficient to deter boys and others from engaging in this dangerous pastime.

STREET WORK PETITIONS. The petition of M. Murphy for a sewer in East Nineteenth street from Ninth avenue to Twentieth street, was referred to the Street Committee.

The petition of property owners for a sewer in East Fourteenth street from Third to Fourth avenues was referred to the Street Committee.

To the Street Committee was also referred the petition of W. Canah for a sewer in Lightnin street, from Bush to Chestnut streets.

An application for a sidewalk on Ruby street from Moss avenue to Thirtieth street was referred to the Street Committee and to the same committee was referred R. B. Thomas' petition for a sewer on Diamond street from Moss avenue to Thirtieth street.

LOCAL OPTION SHELVED. The petition of Rev. D. E. Baker and others for local option was placed on file.

RESOLUTIONS. Resolutions were disposed of as follows: Requesting Contra Costa Water Company to put in a fire hydrant on East Twelfth street between Twenty-second and Twenty-third avenues. Adopted.

Accepting streets on map of a portion of the Edin tract in Emeryville. Adopted.

Ordering cement sidewalks laid on Third street. Adopted.

Directing that property owners to sewer on East Twenty-fifth street. Adopted.

Ordering Alcatraz avenue be graded, curbed and macadamized. Adopted.

Directing property owners to grade, curb and macadamize Twenty-first avenue from East Eleventh street to East Sixteenth street. Adopted.

Directing that Fort-first and Eastern one-half of Howe street be graded, curbed and macadamized. Adopted.

Adopting specifications for grading, curbing and macadamizing Alcatraz avenue. Adopted.

Adopting specifications for sewerage on Seventh street. Adopted.

NEW THEATER FOR ORPHEUM

SAN FRANCISCO, March 9.—Early next week a deal will be closed by which the Orpheum Theater Company will acquire title to the Orpheum Theater property. Its purpose is to erect upon the 50-vara lot that the deal includes a magnificent twelve-story building to cost approximately \$350,000. The consideration for the lot is understood to be \$500,000, making the total outlay involved in the enterprise something over \$850,000. Within the building the new Orpheum will be housed as one of the most modern and best appointed theaters in America. The new Orpheum building is to be a fire-proof structure devoted to stores and offices, with the theater proper in the rear. Access to the playhouse is to be gained, as at present, by an entrance from O'Farrell street.

The lot upon which the building is to be erected consists of the middle 50-vara lot on the south side of O'Farrell street, between Stockton and Powell streets, and is owned by the Misses Meeks, who inherited the holding from their father. A deposit has been made on the purchase price with Center & Spader, agents of the owners, and the signing of the final papers will take place early next week.

The success of the Orpheum Theater has been heralded all over the country. It was first started in 1893 by Gustave Walter with the modest sum of \$3500, which he won at that time conducting with Mrs. Emma Stetser, who figured so prominently in the litigation over Walter's property after his death. From the start the new vaudeville venture was a success, netting the management from \$4000 to \$6000 a month. In January, 1897, a half-interest in the theater was sold to M. Meyerfeldt Jr. for \$45,000. Walter died in 1898, and the litigation following his death Mrs. Stetser released her interests in the theater on a compromise with the Walter heirs. The theater is at present owned by the incorporated company that is undertaking the improvements.

ANOTHER VICTIM OF THE VALENCIA

VICTORIA, B. C., March 9.—Another body, badly decomposed, has been found near the scene of the Valencia wreck, the fifty-fourth body recovered. Identification was impossible. Of the fifty-four bodies found twenty-three were identified.

FRANCHISE GRANTED

Permit Is Given to the Western Pacific by Council.

The Western Pacific Railway was finally granted a franchise by the City Council last night to lay down tracks, erect ferry slips and build depots at the foot of Peralta street and along the north training wall of the estuary. The vote on the passage of the ordinance was unanimous.

The usual tilt between the companies was absent last night. Both the Western Pacific and the Southern Pacific had legal representatives present, but there was no indulgence in argument or invective.

Before the ordinance granting the franchise was finally passed Attorney Shook on behalf of the Western Pacific filed a map showing the city of Oakland certain sewer rights of way across the holdings of the company.

The map showing the proposed improvements, recommended filed by the Board of Works, was also filed.

The ordinance was then read for a third time and finally passed.

KIDNAP SOLDIERS

Permit Is Given to the Cavalrymen Bound and Carried Away by Teamsters.

CHICAGO, March 9.—Bound hand and foot, three members of Troop C, First Illinois Cavalry, were kidnaped from their armory last night by three other members who engaged a teamster to carry them away. They were rescued only after a free-for-all fight. Later the ringleaders were arrested on the order of Alderman Milton J. Foreman, acting lieutenant-colonel of the regiment, and were taken to a police station.

According to Alderman Foreman, the kidnaping was the result of bitter personal feeling toward the three kidnaped men. The man who carried out the scheme contended that it was done to break up a faction which it appeared was about to elect Curt Lloyd as lieutenant of Troop C. Harry Ullum was their candidate for office.

GENERAL JIMINEZ OUT OF POLITICS

NEW YORK, March 9.—General Juan Isidro Jiminez, former President of Santo Domingo, who arrived in this city from Havana on Sunday, said yesterday that he was done with Dominican politics for all time.

Since his revolution of two years ago General Jiminez has been making his home at Ponce, Porto Rico, where his family is now.

"I am here on business," he said, "and have taken no interest in the politics of my country. I really do not know anything of what has been going on."

General Jiminez denied that he had any ambition to again be President of Santo Domingo.

"I have not been in Washington," he added, "nor do I intend to go there. I shall transact the business on which I came here and then return to Porto Rico. I am out of politics."

ACT OF KINDNESS.

Editor TRIBUNE.—In Justice Geary's court this week occurred an incident much out of the ordinary. Rev. W. P. Tietzworth was fined \$5 for having used unseemly language toward a woman. Mr. Tietzworth, far advanced in years, was accompanied by Rev. Dr. Baker, who kindly presented the defendant to the court in the most honorable light, speaking of his old age and lack of means. As the two were leaving the courtroom after the payment of the fine, the constable inquired of Dr. Baker whether the defendant had any money, to which Dr. Baker replied that he thought Mr. Tietzworth didn't have a dollar in the world, whereupon the latter received a hearty handshake from the constable, who left a five-dollar gold piece in the hand of the old clergyman.

WESTERN PACIFIC'S SUIT IS COSTLY

SAN FRANCISCO, March 9.—The referees appointed to settle the suit brought by the Western Pacific Railroad against the Terminal Realty Company to condemn a block of land in the Potrero district and which was given more than

usual notoriety by the involved interests of the Southern Pacific and Santa Fe railroads, made their report to Superior Judge Hunt yesterday, and the litigation has been brought to a close.

Herbert E. Law, B. F. Brooks and Charles E. Neal were the referees and they have decided that it remains for the plaintiff, the Western Pacific Railroad, to pay out a total of \$144,943.40. Of this amount \$43,239 must be paid for the land itself, which is bounded by Kansas, Rhode Island, Fifteenth and Sixteenth streets, and through which the plaintiff proposes to run its tracks. For the improvements contained therein the referees board says the plaintiff shall pay \$10,738.40. As to the damages that may be suffered by the several parties involved should the property be condemned, the referees report the following sum as equitable:

To the block which will be much out up by the disposal of the strip sought the leaseholder of a portion of the land sought, John Hoey & Co., \$1,200; interruption of the contract of Knowles & Reilly, who have been retained to erect certain buildings, \$2000; fences to inclose the strip condemned, \$500. Total damages \$210,906. For their services the referees ask \$200 apiece.

WELL ENOUGH TO PLAY CARDS

ST. LOUIS, March 9.—Charles M. Schwab arrived at 7 o'clock this morning in his private car, attached to the Chicago and Alton from Kansas City, and departed on the Big Four for New York City. He could not be seen during his brief stop. The porter of his car stated that Mr. Schwab had sat up very late playing cards with his friends, and was sleeping soundly when the train arrived at the union station.

THE LATEST NEWS OF THE DAY--4:30 P. M.

WOUNDED IN BATTLE

WASHINGTON, March 9.—First Lieutenant Gordon Johnson, who was seriously wounded in the shoulder, was born in North Carolina in 1874. He is a graduate of Princeton and an honor graduate of the Infantry and Cavalry school in 1902. He first entered the army at the outbreak of the Spanish war and was appointed Second Lieutenant in the Infantry in 1901. He was appointed Second Lieutenant in the Infantry in 1901. He was appointed Second Lieutenant in the Infantry in 1901. He was appointed Second Lieutenant in the Infantry in 1901.

GUILTY OF MURDER

GREENSBORO, N. C., March 9.—Dr. J. B. Matthews was today found guilty of the murder of his wife and was sentenced to the penitentiary for twenty years. The most sensational allegation at the trial of Matthews was that he had injected strychnine into his wife while she was ill, and while pretending to be offering a prayer at her bedside.

NEARLY KILLED

Nels Thompson, aged twenty-six years, living at 1122 East Twelfth street, was the victim of an accident that came near costing him his life while returning to his work from home after the noon hour. He was coasting down the hill on his bicycle near the Twelfth street dam when he lost control of his wheel and was struck by an electric car, sustaining a fracture of the skull, which Dr. A. S. Kelley says is not necessarily fatal.

CUT OFF DAUGHTER

Civil Engineer Leaves His Estate to Lucile Sells.

LOS ANGELES, March 9.—By a will filed in the County Clerk's office today Denis Le Duc of Montreal, a civil engineer who is said to have accomplished wonders in railroad building for the Canadian Government, and who died at his ten-story home at Hollywood March 4, leaves the bulk of his fortune, which exceeds \$50,000 in value, to Lucile Le Duc Sells, his only daughter, who is now in Denver. The will also provides that if the daughter shall marry, she shall lose even that dollar, which she shall go to the Salvation Army at Denver.

SUBMIT TO STATES

Senate Votes to Give New Mexico and Arizona a Voice.

WASHINGTON, March 9.—Mr. Burrows, chairman of the Committee on Privileges and Elections, opposed in the Senate this afternoon the admission of Arizona and New Mexico jointly or singly on account of polygamy in those Territories. He read from the testimony in the Smoot case to show that polygamy existed in the territories. He maintained that if these Territories were admitted the United States would be forever barred from correcting such abuses.

CORBIN ON FIGHT

Gives His Ideas on the Trouble With the Moros.

SAN FRANCISCO, March 9.—Major-General H. C. Corbin, recently in command of the division of the Philippines, read with much interest the Associated Press news of the fight on the island of Jolo. He has several ideas on the Philippine situation. "The Moros are religious fanatics and are not amenable to the influence of other people. They owe no allegiance except to their Mohammedan faith, and are liable to cause trouble at any time. Their acts have no more relation to the conduct of the Philippines than the Apache outbreaks of former days in Arizona. The situation in other States and Territories."

PICTURES PLACED ON COLUMNS

PREPARING THE CHAMBER OF COMMERCE FOR SPEEDY OCCUPANCY.

The new rooms of the Chamber of Commerce at the northwest corner of Twelfth and Franklin streets are gradually being put into condition for occupancy. The mural decoration has been finished, the floor has been made perfectly smooth, a unique balustrade has been placed at the outer end of the gallery and now the pictures showing the varied resources and beauties of Alameda county are being hung. These pictures are several feet square and are designed to show the agricultural, horticultural, viticultural and climatic wealth of Alameda county. A large number of these photos will be fixed to the columns which extend through the middle of the room and others will be set in the pilasters under the gallery. Around each of the central columns, there will be grouped thirty-six of these views arranged in hexagonal form, which readily attract the attention of the visitor. Other and larger pictures will be hung on the side walls.

It is not expected that the Chamber of Commerce will be ready to receive visitors until about the middle of next week.

EXECUTE 400 IN LIVONIA

MANY MILITARY SENTENCES FROM RUSSIA'S REPRESSIVE MEASURES.

RIGA, Livonia, March 9.—Four hundred military executions have occurred in Livonia as a result of the government's repressive measures.

BUSINESS MAN PASSES AWAY.

Sidney James Hughes died at the home of his parents in Fruitvale yesterday afternoon, after a prolonged illness contracted in the mines of Montana. He was a native of Dakota, aged 36 years, and besides his parents he leaves five brothers and two sisters to mourn his demise. Mr. Hughes was a brother of the well-known firm of Hughes Bros., proprietors of the Underwood Typewriter Exchange on Eleventh street. Services will be conducted at the family home in Fruitvale at 2 p. m. tomorrow and interment will be in the Evergreen Cemetery.

ACCUSES WOMAN OF SELLING LIQUOR.

BERKELEY, March 9.—Mrs. B. F. Bradley, who conducts a delicatessen store on Vine and Rose streets, has been charged with selling liquor within the mile limit by Officer Leonard, who swore to a complaint against her this morning. Mrs. Bradley was convicted two years ago of a similar offense and fined \$500. Later she drew a price of \$3200 in a lottery and with the money established her present business.

Officer Leonard was served with the liquor himself by Mrs. Bradley.

HEARST CASE TO BE REOPENED.

WASHINGTON, March 9.—The case of W. R. Hearst against the anthracite coal carrying railroads was today ordered by the Interstate Commerce Commission to be reopened and was assigned for argument in this city on March 29th.

NO PROMISE OF SECRECY

LETTER IN COURT SHOWS AGENT REFUSED TO BIND HIMSELF TO PACKERS.

CHICAGO, March 9.—T. M. Robertson, special agent for the government, declared in a letter produced in court today, that he had declined to examine any of the books of Armour & Company if the packers desired him to pledge that the information would not be published by President Roosevelt.

He was asked by Attorney Miller, in behalf of Armour & Company, if he would say that he had an opportunity to decline to take the information if he was compelled to make a pledge that the President would not publish it.

Mr. Robertson replied that he would not say that he had such an opportunity, and the attorney then brought out the letter.

REJECT BILL FOR BIG APPROPRIATION.

WASHINGTON, March 9.—The first roll call in the Senate was on a committee amendment increasing the appropriation for the election and constitutional convention in the proposed State of Oklahoma from \$100,000 to \$150,000. It was rejected, 31 to 40.

\$5000 IS GIVEN

SAN FRANCISCO, March 9.—In view of the heroic services rendered by the San Francisco fire department on February 22, when the big fire broke out in the gas company's station C, the president of the company, John A. Britton, has sent a check for \$5000 to Chief D. E. Sullivan to be used for benevolent purposes.

SAYS CANAL MAY BE ENLARGED

PROF. BURR TELLS SENATE COMMITTEE WATERWAY COULD BE CHANGED.

WASHINGTON, March 9.—Professor William H. Burr continued his testimony before the Senate Committee of Intercommerce today. He again spoke in favor of the contract plan of building the canal. The committee evinced great interest in statements that a sea level canal could be enlarged economically to meet any demands of increasing commerce of the future.

ATTENTION—CULTIVATE SENSES

Attention has been the making of many an otherwise worthless man. Military men have long appreciated the value of attention; but our schools, public and private, seem not to understand the meaning of the term. Before giving an order to his men, the officer shouts, "Attention!" Once in a great while there is a commander who uses the full word, "Attention!" That is, to bring the soldier's mind to the task at hand. He understands that his nerves must be on "tension," his whole being must concern itself with the business gathering. The man of inattentive ear is a failure.

TRIPP HAS NO CLAIM TO LAND.

MARTINEZ, March 9.—A third claimant for the disputed territory in the Rancho El Sobrante, for which the rival corporations, the Contra Costa Water Company and the Syndicate Water Company, are now fighting, has made his appearance in the person of Clinton C. Tripp of San Francisco. He has filed a deed in Lake of San Francisco.

NEW CLERK FOR TOWN OF BERKELEY.

BERKELEY, March 9.—The Town Trustees have decided to appoint Jesse B. Mendenhall to the office of Town Clerk at their meeting next Monday night. Mr. Mendenhall will succeed Clark Merritt, who has resigned to take a position as cashier in the First National Bank. Mr. Mendenhall was formerly private secretary for President Wheeler of the University. His work as Town Clerk will begin on March 15th.

W. A. DONALDSON'S GOOD PROFIT.

Another evidence of the activity of real estate along the main streets is the sale, within the past few days, of a lot 25x150 feet, extending from the west side of Broadway to the east side of Telegraph avenue, between Seventeenth and Nineteenth streets, for Councilman W. A. Donaldson to J. S. Myers, one of the largest real estate owners in Oakland. The sale was negotiated by George W. C. Rudiell, a carpenter, forty-nine years of age, and living at 1209 Clay street, sustained a fall this morning out of a building, where he fell a distance of about seven feet and sustained injuries to his back that necessitated a visit to the Receiving Hospital. He was injured considerably, but it is not believed he has any bones broken. He seems to be suffering mostly from bruises and strain.

OPENING DAYS AT MISS RYAN'S

Thursday, Friday and Saturday of this week will be opening days at Miss Ryan's millinery store, 530 Fourteenth street, and on these days a display of attractive headwear for women will be shown such as has never before been seen in Oakland.

BEAUTIFUL CREATIONS IN HATS FOR WOMEN

Brilliant Display in the Windows and Store of Abrahamson Brothers.

Delicate colors, dainty designs, beautiful creations in women's hats bearing the stamp of Parisian and New York artists were shown to the public yesterday when Abrahamson Brothers held their spring opening at their commodious store at the corner of Thirteenth and Washington streets.

One of the most brilliant displays ever seen in Oakland was that of yesterday at this store, when hundreds of the fair sex strolled through the palm and fern decorated room in the second story of the building. In addition to the multicolored effects presented by the stylish and beautifully tinted hats the store presented the appearance of a bevy of colors lent by the natural radiance of flowers.

In the display are hats of all shapes brought direct to the Abrahamson store from the accredited hat designers of Paris and New York. In addition to

this new and elaborate stock there are to be found new creations from the Abrahamson work room which is under the immediate supervision of Mrs. T. B. Archer. The floor and purchasing is in charge of Miss Marguerite Conroy.

A feature of the new styles is the world-renowned Gage hat in latest fashions. The Gage hat to the woman is as the Knox or Dunlap is to the man. Beautiful creations and "nobby" shapes are shown.

This year small flowers are used in abundance in the trimming of the feminine headpiece. The leading color is old rose. Following closely upon this entrancing shade comes pastel blue, then violet, followed by reseda green.

The opening is to continue today and tomorrow in all the elaborate display which is characteristic of Abrahamson Brothers.

TO SUE FORMER PARTNER FORESTS COMING TO TOWN

UNDERTAKER LEITCH SAYS J. E. HENDERSON DECEASED HIM OF MONEY.

N. W. Leitch has filed in Justice Quinn's court, a suit against P. C. Franklin for \$49,500, which is to be the forerunner of an attempt on the part of Mr. Leitch to secure an accounting from his former partner, J. E. Henderson, who, he alleges, has defrauded him out of more than \$700.

Leitch says Henderson not only collected this \$700 or so without turning it in, but also went so far as to give receipts to persons owing the firm money, without their having paid anything, and telling them not to pay Leitch a cent.

The case of Franklin, Leitch says, is one of this sort, and the suit is brought to unearth the evidence necessary to show that the receipt was given without any return. The Oakland Adjustment Company has been assigned the claim, and is prosecuting the suit.

Leitch says that Anderson also received a bill for Mrs. R. W. Gifford, which the latter afterward admitted she had never paid.

Other amounts which Leitch declares Henderson collected and never accounted for are as follows:

Mrs. Conroy, \$84; T. E. Tillie, \$21; Mrs. H. L. Brantthaver, \$98.75; William H. Browne, \$117.50; Mrs. Broadford, now Mrs. Kelley, \$47; Mrs. Goodenough, \$35.

TRUST IS EXPOSED SALOON IS ROBBED

Elevator Men Show Up an Unlawful Combination. Customer Is Shot by One of the Brutal Thugs.

SAN FRANCISCO, March 9.—United States District Attorney Devlin yesterday allowed an inspection of the complaint filed by him on the preceding day in the United States Circuit Court, asking that the corporations forming the elevator trust should be enjoined from acting in furtherance of that trust and monopoly. Judge Morrow ordered that the defendants, whose names follow here, should appear and show cause at 10 a. m., on March 26, 1906, why a temporary injunction should not issue enjoining them from acting under the unlawful agreements or contracts set out in the bill of complaint as to the trade and commerce in elevators between California, Oregon, Washington, Nevada, and other States of the United States and the Territories of Alaska, Hawaii and other Territories and the District of Columbia to hinder, restrain and destroy the trade in elevators and the commerce therein, or from entering into combinations of trusts to deprive the people of the United States of facilities, rates and prices for elevators produced in or shipped between the States as would be afforded by unrestricted competition.

Judge Morrow also ordered that meantime the corporations named should be restrained from doing any of the acts set forth in the complaint. The companies thus enjoined are the following:

"Olds Elevator Company, Electrical Engineering Company, Fraser Elevator Company, Cahill & Hall Elevator Company, A. J. McNeill Elevator Company, Crane Elevator Company, Standard Elevator and Manufacturing Company, Eaton & Prince Elevator Company, Smith-Hill Elevator Company, Whittier Machine Company, Stokes & Farley Elevator Company, Morse, Williams & Co. Machine & Cartwright Elevator Company, Graves Elevator Company, Plunger Elevator Company, Sprague Elevator Company, Bloomberg Elevator Company and Machine Company, Sulzer & Co. Elevator Company, Central Iron Works Company, Samuel Burger, W. D. Baldwin & C. G. Comstock."

The following named defendants are not mentioned in the injunction complaint:

"Olds Elevator Company, Warner Elevator Company, M. J. O'Donnell & Co., Gardner Elevator Company, Houghton Elevator Company, Geiger, Fluke & Koop, National Electric Elevator Company, Bandtner & Manufacturing Company, Company, Moline Elevator Company, and the Doe family."

United States District Attorney Devlin explained that the injunction was not made absolute in order to leave open the possibility of a trial on the merits upon information and belief and not upon knowledge.

Several affidavits accompany the complaint and petition. The first is that of P. J. Davis, president of the Electrical Engineering Company of San Francisco, who says:

"In April, 1901, N. P. Otis was chairman of the board of directors of the Otis Elevator Company of New Jersey. At that time the only corporations and persons engaged in the elevator business west of the Rocky Mountains were the Otis Elevator Company, the Electrical Engineering Company, Cahill & Hall Elevator Company, A. J. McNeill Elevator Company and W. L. Holman."

"In April, 1901, affiant entered into an arrangement with Otis to retire the other companies from business, and to form a large corporation in which the Otis Elevator Company would hold a controlling interest and that affiant should be the head of the new corporation."

"Affiant thereupon met in New York, W. D. Baldwin, president of the Otis Elevator Company, and formed with him the combination spoken of. The companies named were allowed to run ostensibly as competing companies, but the Otis Company had control and Samuel Burger, assistant treasurer of the Otis Elevator Company, directed and is directing all of said companies and allowed thereafter no one to make a bid on any elevator work, but directed each company as to what its bid must be and directed the purchased companies to fight any small elevator company or concern that might put in a bid on elevator work in any State or Territory west of the Rocky Mountains; that when no opposition appeared all these companies were made to bid higher than the Otis Elevator Company, and in such cases it obtained the contracts at exorbitant figures; that when any real competition appeared, one of the three purchased companies or corporations was made to take the work at a loss; that deponent seeing that the minority stockholders of the Electrical Engineering Company were in a losing game and that its share of the work was not being apportioned to it and that said Otis Elevator Company of the Pacific was never to be formed or started insisted that it should buy out the shares of the minority stockholders in said Electrical Engineering Company. This was done and the Otis people put the Electrical Engineering Company out of business."

Other affidavits are by Kenneth Bryan, E. C. Van Emmon and H. W. Storck, and are of similar purport.

BEVERAGE TALKS ON STATEHOOD BILL

WASHINGTON, March 9.—Owing to the fact that the Senate took a recess instead of adjourning last night, Mr. Beveridge was enabled to proceed with his speech in support of the joint statehood bill when today's session began at 11 o'clock.

There was a much better attendance than at the opening yesterday. Mr. Beveridge took up his argument where he left off yesterday, contending that the necessity for interpreters for the benefit of the Mexican population was rapidly passing, and arguing that very little attention should be given to the pledge for statehood given when the Territory of Arizona was created, because it had been given as the result of fraudulent representations.

SAN LEANDRO MAN BADLY INJURED

SAN LEANDRO, March 9.—David Moyes, an old resident of this place, aged 70 years, was knocked down by a runaway team yesterday and severely injured. He was cut badly about the head and shoulders.

SAN FRANCISCO, March 9.—Four desperate highwaymen, young in years and armed to the teeth, held up and robbed the saloon of Henry Muller at Fremont and Howard streets last evening. The thugs were not content with securing all the plunder that was in sight, but one of them fired three shots at William Ellis, a cigar box manufacturer, who was seriously wounded in both legs, one of which will probably have to be amputated.

The saloon held up is located in a section frequented by sailors after the commercial patrons have retired from the district, but Muller has been in the habit of closing early in the evening and was about to end his business for the day when two strangers entered. Each of these men ordered beer. In the saloon were Ellis and Jacob Govart of 380 Polson street. Muller took two glasses from behind the bar and stepped in the direction of the beer tapper. Immediately he heard the order, "Throw up your hands!" Turning, he saw the smaller of the two strangers pointing a pistol at Ellis' head. At the same time Govart dashed at him and stepped in the direction of the beer tapper. The two robbers apparently paid no attention to Govart's movements, but the second of the duo directed his attention to Muller.

TWO MORE ROBBERS ENTER.

About the time that Muller was ordered to throw up his hands and empty his cash register two other men entered. They were evidently companions of the thugs and their first words were of caution concerning Muller and the man who was standing in front of the bar. The man who held the pistol in the direction of Ellis then instructed Muller to turn over whatever money and valuables he had. The saloon man opened his cash register and laid about \$20 on the bar. Another of the thugs stepped behind the counter and proceeded to search the proprietor. He secured about \$80 in gold coin. Not contented with the result of their evening's work, they then demanded that Muller surrender his watch and chain and two gold rings that he was wearing at the time. One ring was set with a cameo, the other was a plain band wedding ring. After the thieves had wrenched the former off his finger and taken the other, they considered the work of looting the saloon was over.

BRUTAL THUG WOUNDS ELLIS.

The man holding the revolver then ordered Muller and Ellis into a rear room, saying that if any resistance was offered he would discharge the weapon he held in his hand. Muller stepped from behind the bar and started in the direction indicated. Ellis followed. The proprietor had stepped inside the rear room and was scarcely out of the threshold, when one of the robbers fired three shots in their direction. Ellis dropped immediately and Muller shouted that he intended no resistance and begged for mercy. In a second all three robbers disappeared, but it was several minutes before the saloon man dared to come out on the sidewalk and call for help.

When Detectives Bragg, Taylor, McGowan and Carson arrived at the saloon, they found that Ellis had been shot in both legs. The bullet that entered his right leg fractured both bones just below the knee, and the surgeons at the Harbor Hospital consider this injury serious and an amputation is likely to follow. The bullet that entered the left leg grazed the bone, but splintered it in such a manner that serious results may follow from this also.

The four men contemplated another robbery and were scarcely out of the saloon of Otto B. Mohr, according to the statement of the latter made to the police. Mohr's saloon is located at Main and Howard streets, and he says that shortly before the robbery he was in Muller's saloon, four men, answering the description of the robbers, entered and asked for a drink. As he was about to serve them a special policeman looked in the door and asked if all was well. Mohr replied in the affirmative and the four customers, who are assumed by the police to be the parties who visited Muller later, left the place.

ANTI-PASS BILL IS ACTED UPON

DES MOINES, Ia., March 9.—The Hughes anti-pass measure, prohibiting railroads, street railways, telegraph and telephone companies from leasing space and franchises to the United States and the exemption of railroad commissioners and newspapers, passed the Senate by a unanimous vote today. The measure carries with it a provision making a violation of the law a misdemeanor punishable by fine and imprisonment. It has not reached the House.

CURIOUS CHANGE Caused by Food.

"A few months ago," writes a New York state woman, "I was the victim of a stomach so disordered that I could eat scarcely any sort of food without suffering great distress. In time an eruption appeared, of a most painful nature, which covered my whole body, and which the doctors said was erysipelas, and prescribed for it accordingly."

"Their medicines gave me no relief, however, my condition growing worse day by day. At last it occurred to me that possibly the derangement of my stomach was the cause of the trouble. The doctors said that that organ was like a piece of raw beef."

"I made a complete change in my diet, and put myself on a strict regimen of Grape-Nuts food. In a day or two I began to improve, my digestion gradually came back, all the nervousness and headaches disappeared, and within ten days the so-called erysipelas passed away and has never returned. Meantime my weight has increased and I can digest food that formerly I could not."

"I can honestly say that Grape-Nuts food constitutes the best diet I ever used."

SAN FRANCISCO, March 9.—The radical and almost Socialist sentiments expressed by Rev. Charles R. Brown of Oakland, Cal., recently at the Lyman Beecher lecture of the year in the Yale divinity school, seem to have caused commotion in the faculty of the department. Conservative views of social and economic problems have been the rule, but remarks made by Professor E. L. Curtis in thanking Mr. Brown for his course of addresses, have been regarded as to some degree committing the department to indorsement.

Other professors take exception to that interpretation, notably Professor Williston Wilder, who says that "the school assumes no responsibility for the utterances and sentiments of Mr. Brown one way or the other. They stand or fall on their own merits."

Rev. Brown, when shown the above dispatch this morning by a TRIBUNE reporter and was asked if he had any comment to make on it, declined to enter into any discussion regarding it. "It would not be becoming for me to criticize any action the faculty may have taken," he said.

"Had you heard anything of the kind after your lecture?"

"I cannot make any statement about it."

The pastor declined to say what extracts of his lecture might have been so radical as to provoke the comments of the faculty. He intends to have his Eastern lectures published in book form and will not make public any advance excerpts.

ITALIANS RESENT THE ASPERSIONS

In justice to the Italian community the following public statement, which is self-explanatory, is published:

Editor TRIBUNE.—Dear Sir: In a correspondence from St. Paul, Cal., regarding the discovery of a human head in that locality, the San Francisco Examiner of February 27 published some malignant allusions throwing a bad light on the Italians living in that locality, purporting that they were implicated in the alleged crime, although it afterward developed that no crime was connected with said discovery and that the Italians had nothing to do with the matter. While the Examiner did not publish any apology, and for this reason the Italians living in that community, gathered in a public meeting, have voted a protest against the malignant allusions of said newspaper, in which they do solemnly declare that in the last ten years, while living in St. Paul, they have never given any reason for any kind of complaint or suspicion as to their behavior; that they never had any trouble either among themselves or with fellow workmen; as their employers and the whole population can testify.

Furthermore, they state that the false accusations hinted by the Examiner correspondent are nothing else but a new proof of the unpopularity of the nationality which too often in this country weighs against the Italian laborers, notwithstanding the fact that they are among the most law-abiding, sober and honest citizens of the community. They beg the kindness of the honest American press to publish their protest.

PROHIBITIONISTS TO HOLD DISCUSSION

The subject for discussion at the Prohibition meeting in Fraternal Hall next Sunday afternoon at 3:15 will be, "Resolved, that the Prohibition Reform is Moving Backward." This question has been a subject for debate at recent prohibition conferences, and has been the means of drawing out important arguments and statistics on both sides of the controversy.

Saturday evening the usual meeting at Volunteers' Hall on Broadway and Eighth will be conducted by Revs. T. J. and Emma Fox Baender. The attendance at these meetings has been on the increase. The Volunteers have recently issued an order from headquarters, providing that Saturday night meetings are to be prohibition or temperance rallies.

AGAINST RATE BILL

Senator Scott Says He Will Not Support the Measure.

WASHINGTON, March 7.—Following is a synopsis of the speech of Senator Scott in the Senate today:
Mr. Scott's argument was directed mainly against the principle of the Government ownership of railroads, in which he included the control of rates by the Government. He admitted that there are evils connected with the railroad system of the country, but said he would not vote for the pending railroad rate bill without a provision for ample court review.

FIXING RATES.

On the general subject of permitting the Government to fix rates he said:

"From an intimate relationship with railroads as a shipper for nearly thirty years I have given this subject my consideration. As Senator of the United States, I have tried to study the question of Government control from the broader standpoint of the roads and all shippers. As a consequence I am forced to the conclusion, from every standpoint, that the roads are better able to fix rates in accordance with the laws of trade than a government."

Mr. Scott declared that as to the charge of unreasonable rates there is practically no foundation. He referred to the fear that the railroad consolidations would have the effect in the future of greatly advancing rates, but he expressed the opinion that that question could be dealt with when it presents itself, if it ever does.

"Should railroads by merger attempt to limit competition and thereby lessen the opportunities for commerce, I, for one," he said, "would insist on radical action."

DISCRIMINATION.

Discussing discrimination in favor of certain localities the Senator entered upon an analysis of the effort to prevent such discrimination in foreign countries. He gave especial attention to the German system, which he said had not been successful.

Attention was called to personal discrimination, which the speaker said is very little practiced. He characterized as a very pronounced evil the handling of one shipper's product at the expense of another. He said:

"This is one of the worst evils of railroad management today. It should be eradicated, stamped out, even if the most stringent measures are necessary to accomplish this end. I may digress here for a moment to speak of the great coal interests of the country and to express my belief that it is a most dangerous course for a railroad to pursue, to be found as the owner of or participating in the profits of a great tract of coal lands. This I would hold true with any of the other great necessities of life, and I believe that the railroad in the future, as in the past, should devote itself entirely to its duties as a public carrier."

RATE MAKING.

"The problem of rate-making," he continued, "is the problem of commerce, the problem of compromising the daily struggles going on between the different centers of the country. It extends further than to the mere fixing of the price to be charged by one railway in carrying a ton of freight; it enters into the very essence of our happiness and prosperity as a country. The more it is studied, the more complicated the problem seems to be, and the more sure I am that the rate-making power is safer in the hands of the railroads than it is in any body of men appointed for that purpose."

Mr. Scott said that the present interstate commerce law had been enacted with the end in view of accomplishing most of the results promised for the Dilliver-Hepburn bill, and after speaking of the number of complaints heard by the commission, said:

"These cases have all been appealed to the Supreme Court and the basic principles laid down by the Interstate Commerce Commission in nearly every case have been overruled. So, judging from the past, I am led to the conclusion that the Interstate Commerce Commission would, if it had the power, establish the principles of the mileage tariff and of natural location. Therefore I cannot agree that a political

MAJORITY IS SMALL

Municipal Ownership Candidate Wins in Seattle.

SEATTLE, March 7.—Judge William Hickman Moore, Municipal Ownership candidate for Mayor of this city, has been elected by the small majority of fifteen votes, after one of the closest fights in the history of the city.

John Riplinger, Republican candidate, was badly cut in many of the wards, and ran far behind his ticket, the balance of which, with the exception of a Councilman or two, was elected by big majorities. Nearly all of the registered vote was cast.

The leaders of the Municipal Ownership party charge gross frauds in several of the wards, and, had their candidate been defeated, would have contested the election.

A commission appointed by a President, open to change at every general election, should have the power to fix railroad rates on any such theories. Should the bill now before the Senate pass without amendment, I think the people within a few years would find that it had met none of the issues which it is thought it would remedy."

Outlining his views as to what should be done, the Senator said:

"I want the bill amended so that the coal operator of West Virginia can open his mine, have that mine connected with a railroad, have his just share of cars and thus have his product carried to the best market so the farmer of the West can ship his surplus grain; the planter of the South dispose of his cotton, and the lumberman of the North of his lumber, and that these in turn can take their share of the manufactures of the East, and so that it will be plain that the railroads shall not be owners of coal lands, grain lands or any business enterprises, and that the small producer shall have an equal chance with the large."

He closed with the declaration that, while he considered the railroad men more capable of regulating rates, he was willing to permit the experiment of a rate-making commission to be made, because of the popular demand. He added, however:

OPPOSED TO POWER.

"I am absolutely and unequivocally opposed to giving them that power without a provision for a broad and general court revision, to which the shipper and carrier can appeal when the rate designated is unfair to either."

I hold to such revision of the courts, since the history of the Interstate Commerce Commission has shown to my mind that the power of the court to review their decisions has simply saved this country from the experience of European countries. That experience has shown that discrimination of a more serious nature than we have exists and proves conclusively that the results coming to us, had the Interstate Commerce Commission the power to enforce its decisions, would have been disastrous beyond comparison."

A bill amending the law relative to terms of United States courts at Evansville, Ind., was passed, as was also a joint resolution authorizing the Secretary of War to sell coal to the residents of Nome, Alaska.

At 12:30 o'clock Mr. Scott addressed the Senate on the railroad question.

CREDITORS TO MEET

Piedmont Bakery Matter Is Subject for Consideration.

The sign "Closed for Repairs" has been removed from the door of the Piedmont Bakery and Restaurant, and it is considered settled that the premises will soon be occupied by other businesses.

The creditors will have a meeting in the Bacon Block this evening to determine what further course they will take. It is possible that they will look further for their money than the restaurant furniture. There may even be a suit for obtaining money under false pretenses growing out of the matter.

THE CREDITORS.

Following is a list of the creditors of the management of the Piedmont Bakery:

National Ice Co., 402 Second street, \$10.00; L. V. Ralph Co., Seventeenth and Broadway, \$25.75; C. McCarron, 1221 San Pablo, \$50.73; F. J. Edwards, 918 Washington, \$65.40; Sunset Tea Co., \$8; Globe Mills, \$348.75; St. Angelo Co., \$11 Eleventh street, \$14.55; Max Schulze, \$11 Eleventh street, \$5.70; California Pickle Works, First and Webster, \$4.25; Howell-Dohrmann Co., Fourteenth and Washington, \$58.45; P. M. Ferguson, Eleventh street, \$86.18; D. W. Hatch, Eleventh street, \$70.75; C. G. Schmidt, 409 Twelfth street, \$57.20; J. C. West, \$49.25; H. N. Gard, \$7.50; New Jersey Farm Creamery, \$336.81; Martin Dairy and Creamery, \$108.42; Hilmer, Harris Co., \$35; C. Solomon Jr., \$20; Schler, Morhouse & Grande, \$67.50; So. B. F. Pkg. & Pro. Co., \$24.58; Louis Sarony, \$55; Swift & Co., \$106.55; M. Getz & Co., \$104.39; Overland Monthly, \$3; Sunset Paper Co., \$73.47; S. P. Call, \$1.60; S. F. Examiner, \$10; Johnson & Kidwell, Twenty-eighth and Grove, \$31.91; Consumers' Yeast Co., \$1.60; Golden Gate Yeast Co., \$1.20; labor, 110.73; total, \$2324.80.

George B. Ochiltree, A. B. Weeks and John Rohan are the committee elected by the creditors to manage their side of the affair.

After the restaurant was put under attachment a prospective buyer, taken there in the interests of the creditors, examined the books of the undertaking and declared himself satisfied that the place had had an income to the time of closure of an average of \$125 a day. He was willing to purchase, but the dissatisfaction of the owners of the building with the business methods of the previous management had become so great that, though she had promised a renewal of the lease, which had expired in December, to the labor union management at a raise from \$150 to \$160 a month, she refused to lease it any longer for restaurant purposes. The prospective buyer was willing to take it at the increased rental.

The Merchants' Protective Association, the collection bureau acting for Creditor Frank M. Ferguson, was entirely friendly to the union management and its information it then had, and desired it to continue. It said that the report of the management about the first of January showed a balance of \$7 to its credit over all expenses.

In the article on this matter in THE TRIBUNE yesterday, by an accident, C. W. Peiry of the Central Labor Council was represented as saying that the unions "did" pay all they subscribed or undertook to pay in the purchase of the restaurant. That statement does Mr. Peiry an injustice. What Mr. Peiry said was that the unions "did not" pay all that they agreed to pay in the matter. In this connection it may be said that the character of the business management of C. E. Schmidt, now manager of the Co-operative Meat Company, is receiving very favorable mention from various sources.

A LABOR MAYOR.

Arwin E. Price, former labor mayor of Elgin, Ill., is in Oakland for a few days, the guest of Alfred Ormsby, the attorney, and his friends are planning a reception to him by labor unions and all others who Council headquarters, 453 Central Labor Council, Price is an exempt member of the Stonecutters' Union, and was formerly a member of the Knights of Labor. It was in the palm days of the Knights that he was hailed from bed one night and nominated for mayor by the labor men of Elgin, and subsequently elected a party of friends are doing the Pacific Coast with Mr. Price, and will likely be here also by Thursday evening. They are coming from Los Angeles, and expect to depart on Friday way of Portland, Con Grant, also once of Elgin, is assisting the reception.

AMENDMENT.

An important amendment to the by-laws of the Plasterers' Union was endorsed by the Building Trades Council at its meeting Tuesday evening, under which the plasterers will work for any one giving union conditions, provided foremen are paid at least \$1 per day extra and only practical plasterers are employed on the job. This, of course, is outside of the matter of apprentices, of which there are a great number in this craft.

Apprentice conditions will continue as before.

MOVED.
Hanshaw's Steel Square and Drawing School has moved from San Francisco to 516 Eleventh street, Oakland.

VISITATION PLANNED.

A party of carpenters, union men, from the Joint District Council, will visit the new union composed of the workers in the West Berkeley furniture factory, on Thursday evening furniture in the hall at the corner of Camella and Third streets. It is reached from Oakland by the San Pablo electric line.

BENEFIT FOR MRS. PAXTON

LARGE AFFAIR WILL TAKE PLACE AT THE TIVOLI.

The testimonial for Mrs. Bessie Paxton and her children, to be given at the Tivoli Opera House on Tuesday afternoon, March 13, promises to be a tremendous success. Mrs. E. W. Crellin, who is doing much to manage the affair, announced yesterday that she had been unusually fortunate in securing well-known professional and amateur talent for the entertainment. The program is not entirely completed as yet, but the final announcement of the numbers will be made shortly.

Camille d'Arville will sing. Mrs. George McFarland, the well-known society woman of Honolulu, will also lend the beauties of her voice for the benefit of Mrs. Paxton and her family. Mackenzie Gordon will sing and William J. Hynes will give fifteen minutes of fun. The Harmony Quartet has been secured and it will render several selections. Lillian Burkhardt of the Orpheum has promised to be present with her clever self and give a little sketch. Arthur Cunningham of the Tivoli company will also take part in the entertainment.

Mrs. Crellin has already sold over a thousand dollars' worth of tickets. At the Tivoli yesterday morning when the sale opened a large number of tickets was quickly disposed of. A tremendous house for the testimonial now seems assured.

WESTERN PACIFIC GRANTED FRANCHISE

SAN LEANDRO, March 7.—The Board of Town Trustees of San Leandro has granted the application of the Western Pacific for a franchise to lay its line through the town on Martinez street. There was a protest from J. H. Raut, sau. Driver, Aber & Co. A. Augusta and several others against granting the franchise, but the only action taken on it was to file it.

The vote of the members of the board present was unanimous — President Lynch, Trustees Gill, Hearst and Best.

After the passage of the ordinance carrying the franchise Attorney Warren Olney for the Western Pacific thanked the board for the franchise with which the road had been treated by the board.

SELF-GOVERNMENT FOR THE ISLAND

WASHINGTON, March 7.—Senator Spooner and Senator Bacon today reached an agreement concerning an amendment to the Isle of Pines treaty which is intended to protect American interests. It provides that the island shall be regarded as a separate province within the meaning of the Cuban constitution. This would give the island local self-government and a representative in the Cuban Congress when the population of the island warrants such representation. As the Americans are in the majority in the island, it is understood that the amendment will be satisfactory to them. It will be offered in the Senate when the treaty is taken up in executive session.

FAILED TO SUPPORT HIS MINOR CHILD

ALAMEDA, March 7.—John Dirks, a mechanic employed in the shoebinding industry, who lives in San Francisco and who created something of a sensation some nine months ago at the home of his divorced wife on Pacific avenue, in this city when it is alleged, he fired a pistol shot through the front door which narrowly missed Mrs. Dirks, was arrested in San Francisco on complaint of his first wife and charged with failure to provide for his minor child. Dirks was taken into custody by Detective Brown, who found him on McAllister street across the bay. He was brought to the Alameda city prison this morning. He will furnish bonds satisfactory to Judge Tappan, today, when his case will be set.

COAL OPERATORS TO HOLD MEETING

PITTSBURGH, March 7.—Chairman Francis L. Robbins of the Pittsburgh Coal Company who has represented the bituminous coal operators at all recent coal conferences has called a meeting in this city next Friday of the operators of the Pittsburgh district to decide what action they will take at the general convention to be held in Indianapolis.

The result of the Pittsburgh meeting, it is said, will practically determine the stand to be taken by the miners of the bituminous coal fields.

HAMILTON'S ACTION CAUSES SATISFACTION

BUFFALO, N. Y., March 7.—John G. Milburn, attorney for the trustees of the New York Life Insurance Company, to bring suits against the McCall estate and to have Hamilton for the return of the money alleged to have been fraudulently taken from the company, today expressed surprise and delight at the return of Hamilton to New York. He said:

"Andrew Hamilton was sued along with the McCall estate and the matter will be pressed immediately in the courts for the return of the money. I shall return to New York City tonight and there will be no delay in prosecuting the suit."

TRAIN PLUNGES OVER EMBANKMENT

BINGHAMTON, N. Y., March 7.—Westbound Erie passenger train No. 1, carrying a number of immigrants bound for the West, was derailed here today and the engine, mail, baggage and express cars plunged over an embankment, to the street, where they were hauled.

MINISTER OFFERS TO GO TO JAIL FOR FRIEND

Nebraska Dean Willing to Serve Year for Another Clergyman.

OMAHA, Neb., March 7.—The remarkable incident of one clergyman offering to serve the prison sentence of another was presented here today, when Dean George A. Beecher, of Trinity Episcopal Cathedral, of this city, rose in United States Court and offered to serve for Rev. George G. Ware, who had just been fined \$1000 and sent to prison for one year for conspiracy against the government and land fencing frauds.

"It may be out of place to speak a word for a brother in distress," said the dean, "but I have been taught that it is my duty to fly to the relief of a friend."

"I have been touched by these proceedings and I would gladly sever my connection with my clerical duties and go to prison for my brother."

Rev. Mr. Ware is pastor of the Episcopal Church at Deadwood, and is president of the U. B. I. Cattle Company, with 100,000 acres of government land under fence.

300 WHITE MICE AT BALL SCARE WOMEN

PHILADELPHIA, March 6.—Three hundred white mice were offered upon the altar of gaiety at the Bachelors' Ball, the exclusive bal-masque which each year ushers in Lent.

The mice caused a panic among the women, none of whom had been admitted into the secret. Maidens fainted and the few matrons screamed.

In the middle of a quadrille all lights went out and a great moon arose from the background. Showers of white confetti fell from the ceiling and then gusts of wind began to blow, developing into a tempest, that changed the ballroom into a blizzard. A flock of doves descended from the ceiling and circled over the dancers.

At this point the white mice were released. Maidens and matrons dashed for tables and chairs. Some fainted and some bolder tried to catch them. Gallant escorts slew the tiny animals that menaced their ladies.

WOMAN FINED \$10; SNUBS NEGRO LAWYER

Calls Him "Nigger" and Refuses to Reply to Him in Court.

ST. LOUIS, March 7.—Mrs. Dora Leonard, fashionably clad, was fined \$10 in the Court of Criminal Correction today for refusing to answer the questions of a negro attorney. She engaged in a colloquy with Judge Hiram Moore and was reprimanded.

Mrs. Leonard was prosecuting Phoebe McElroy, formerly employed by her as a servant, whom she accused of stealing a tablecloth, napkins, a pillow and a slip and towels.

H. H. Hofer, counsel for the defense, endeavored to get Mrs. Leonard to tell how she identified the articles. She refused to reply to his question, saying: "I don't have to answer a nigger."

Judge Moore imposed the fine and ordered her in the custody of the sheriff till it was paid. She paid, still insisting that she would not answer "the nigger."

BAPTISTS REJECT GIRL; SHE WON'T GO IN POOL

Parson Stands by Nervous Convert and Joins Presbyterian Church.

WESTWOOD, N. J., March 7.—Refusal of a young woman to enter the baptismal pool has led to the resignation from the Baptist denomination of the Rev. Thomas D. Wesley, former pastor of the Baptist Church here.

The young woman desired to join the church, and Mr. Wesley, owing to her exceptional character, expressed his pleasure at welcoming her into the fold. When baptism was mentioned to the convert she said she would not enter the pool, as she was of nervous temperament.

She said physicians had warned her not to enter a bath, and that from childhood she had performed her ablutions by means of a sponge.

Church authorities rejected the young woman's application for membership. Mr. Wesley thought she had been unjustly discriminated against, and published a pamphlet announcing his withdrawal from the denomination. He has joined the Presbyterian Church and is in the Union Church at Aetna.

SOCIETY

MRS. EDWARD HALL DODGE, WHO WILL ENTERTAIN WITH HER SISTER MISS BLANCHE LAYMAN FOR TWO BRIDES ELECT.

Miss Elsa Schilling is the honored guest today at a luncheon given by Miss Johanna Volkman at her attractive home in San Francisco. Miss Schilling has been the motif for several affairs in the nature of farewell compliments, since she leaves shortly for Europe.

HUNTINGTON-METCALF. At 8 o'clock last evening Miss Elizabeth Huntington, daughter of Mr. and Mrs. H. B. Huntington and grandniece of the late Collis P. Huntington, became the bride of Brockway Metcalf, the son of Attorney George D. Metcalf, and former law partner of Secretary Victor H. Metcalf.

Rev. Bradford Leavitt, of the First Unitarian Church of San Francisco, read the marriage service under a bower of American Beauty roses.

Mr. and Mrs. Metcalf leave today for a tour of the South, and will make their home in San Francisco on their return.

Mr. Metcalf is a graduate of the University of California, and a member of the Delta Kappa Epsilon fraternity. He has law offices across the bay, but has lived for many years in Berkeley.

VANCE-MORGAN. The marriage of Miss Aphie Vance and Walter Owen Morgan was solemnized last evening under a bower of ferns and pink tulle. The effective scheme of pink and green was carried through all the decoration, and the fruit blossoms, ferns and pink tulle made a beautiful setting for the ceremony.

The Rev. C. R. Brown read the marriage service, assisted by the Rev. Griffith Griffiths. Nearly two hundred friends witnessed the nuptial rites.

The bridal party was led by Mrs. Carroll Nicholson and Miss Edith Hubbard singing the wedding march with an orchestra accompaniment.

The bride wore a robe of cream mesaline and rose point lace, trimmed with real orange blossoms, and made princess fashion with a transparent yoke and chiffon ruchings. She wore a brooch of pearls, the gift of the groom. Her veil was caught with orange blossoms, and she carried a shower bouquet of lilies of the valley.

The maid of honor, Miss Ruth Palmer, was gowned in cream crepe de chine, embroidered in pink, and she carried an armful of bride's roses.

The bridesmaids were Miss Mabel McCorty and Miss Bessie Benton, wearing pretty gowns of pink silk mull over silk. They carried a shower of fruit blossoms and asparagus fern.

The ushers were James K. Moffitt and Benjamin Smith.

Frank Parcells acted as best man. Mrs. E. H. Vance, mother of the bride, was gowned in gray silk trimmed with orchid chiffon.

Following the ceremony there was a reception and wedding supper. At the bride's table were seated, besides the bride and groom, Mr. and Mrs. Frank Parcells, Miss Ruth Palmer, Miss Bessie Benton, Miss Mabel McCorty, James K. Moffitt and Benjamin Smith.

Mr. and Mrs. Morgan have gone on an extended wedding trip, and on their return will make their home in this city.

SKATING CLUB. The Wednesday Evening Skating Club will meet this evening at the Piedmont rink, and several informal dinners will precede the hours at the pavilion. Ben Taylor will entertain a few friends at the Claremont Country Club, and among the guests will be Mr. and Mrs. Edward Macy Brayton, Mr. and Mrs. George McNear Jr., Mr. and Mrs. Andrew L. Stone, Miss Abby Church, Miss Elizabeth McNear, Miss Viva Nicholson, Charles Hubbard, Paul Miller.

The evenings enjoyed by this skating club have been a series of delightful affairs, and the meetings planned for the future promise to be as successful as those in the past. With a large membership of society people, the club has steadily increased in popularity.

DANCING PARTY. The pupils of Miss Hilma A. Butlar enjoyed a treat Saturday afternoon in the form of a dancing party. Supper was served for the little guests after a pleasant afternoon.

Those present were Miss Margaret Davidson, Miss Harriet Bishop, Miss Ruth Seiler, Miss Wanda Griffen, Miss Ester Mariche, Miss Adabelle Butler, Miss Edna Passmore, Miss Mary Alice Bassett, Miss Erna Lassen, Miss Anita Lassen, Miss Emma Holub, Miss Josie Holub, Miss Gladys Barnum, Miss Anita Klump, Miss Edith Klump, Miss Mildred Nor, Miss Grace Bredhoff, Miss Alice Westphal, Miss Doris Robertson, Miss Margaret Jackson, Miss Freida Nor, Miss Guselle Hilmke, Miss Leah Merrill, Miss Genevieve Read, Master Robert Butler, Miss Gladys Mathews, Miss Irene Mathews, Miss Zella Braswell, Master Faber Bray, Master Lathrop Brown, Miss Adalon Corbell, Miss Nellie Dyer, Miss Florence Dickerson, Miss Louis Gamberling, Master Charles Partensky, Miss Florence Mathews, Miss Florence Eschbacher, Miss Louise Eschbacher, Miss Dorothy Eschbacher, Miss Beryl Bobet, Miss Louise Johnson, Miss Marion Bliger, Master Horace Horns-will, Miss Alice Buteau, Miss Helen Buteau, Miss Adele Crist, Miss Mar-jorie Merritt, Miss Stella Christiansen, Master Kenneth Cheney, Miss Violet Gore, Miss Gladys Garish, Miss Helen Hoskins, Miss Eleanor Bassett, Miss Edna Bassett, Miss Beatrice Childs, Miss Ruth Nicholas, Miss Olive Partensky, Miss Anita Brand, Miss Hazel Van Hatten, Miss Phoebe Meyer, Miss Genevieve Hough, Miss Kitty Lopelich, Miss Jeannette Jonas, Miss Mirjam Levy, Miss Regina Clarke, Miss Hazel Clarke, Miss Georgeette Marstly, Miss Marie Whitmore, Miss Florence Silverstein, Miss Christina Hermansen, Master Albert Clark, Miss Emogen Hall, Miss Ruby Jeffers, Miss Emily Hunt, Miss Irma Clarke, Miss Gladys Tobey, Miss Virginia Hogan, Miss Ethel Tule, Miss Nancy Goody, Miss George Heath, Master Leland Clarke,

PASTOR TAUGHT CHILD TO MURDER, SAYS WIFE

Mother Declares He Told Daughter to Boarder, "Serpent in Home."

CLEVELAND, March 7.—That a preacher taught his little girl to do murder was testified today at the divorce trial of the Rev. A. M. Ingraham, against his wife.

Mrs. Ingraham, calm and defiant, declared that her child was coached to stab to death W. B. Hare, a boarder in the Ingraham home.

"He told our little girl, Helen, that Hare had entered our home as the serpent entered the Garden of Eden, and that Hare has ruined me, her mother," said Mrs. Ingraham.

She testified that the preacher told their child that it was her duty to take a sharp butcher knife, and to would sink in deep, and plunge it in Hare should she ever find him and mother together.

an extended wedding trip, and on their return will make their home in this city.

CARD PARTY. Mrs. Edward Hall Dodge and her sister, Miss Blanche Layman, have given out cards for an elaborate party to be given on the afternoon of Thursday, March 15, for two brides-elect, Miss Mabel Reed and Miss Charlotte Reed. Five hundred is the game number, and forty friends are invited to the affair, which doubtless will prove one of the most delightful of the month.

An informal luncheon will precede the card party, and the guests will include Miss Elsie, Miss Reed, Richard Eable, Mrs. Percy Wall, Miss Elva Reed, Mrs. Ernest Reed, Mrs. George Innes, Miss Viola Lee, Miss Alice Britton, Miss Carlo Johnson.

EBELL CLUB. The Ebell Club held their regular business meeting yesterday, and day was of special interest since members of the nominating committee were elected from the club.

The committee elected were: Mrs. M. P. Jordan.

The plans for the new building were on exhibition for the week, and many compliments were the directors of the building, who had the responsibility of adopting plans for the new building.

The architect was A. W. Benson. The structure is three stories, of exterior and will cost in the neighborhood of \$20,000. There is a hall on the first floor, suitable for club luncheons and other elaborate affairs. A large circular auditorium, and section rooms adjacent, comprise the second floor, while the third story will be devoted to a library and art rooms. It is hoped to have building ready for occupancy by November, as the club's lease of present quarters expires at that time.

AT DEL MONTE. Arrivals at Hotel Del Monte for week ending March 8: San Francisco, A. D. Shepard, H. G. Platt, C. W. Ward, Miss Hibbard, W. M. Nichols, wife, Mr. and Mrs. Charles A. Cramer, Mr. and Mrs. W. H. Betts, Mr. and Mrs. William J. Robinson, Mr. and Mrs. R. F. Lindsay, Mr. and Mrs. C. Pierce, Mr. and Mrs. R. S. Shain, Mr. and Mrs. George I. Stratton, Cincinnati, Ohio—Mr. and Mrs. G. F. den, Miss Belden, J. H. Belden, Alice Cahill, Mr. and Mrs. W. D. Jones, San Jose, Cal.—Mr. and Mrs. J.

SAYS \$10,000 WILL KEEP SOCIETY MAN FOR ONE YEAR

CHICAGO, March 7.—Ten thousand a year.

Does a man need more than that to live luxuriously and move in swaggers society?

This is the question propounded by Governor John A. Johnson of Minnesota and answered in the negative by himself and a number of men of Chicago who have not only ten thousand a year to spend, but several times that sum, which has astonished many people who imagined that members of the smart set scorned to think of any sum less than a million, that their imaginations could not descend to a denomination so small as a thousand.

But here, upon no less an authority than Eames MacVeagh, leader of the younger set of exclusive Chicago society, son of Multimillionaire Franklin MacVeagh and possessed of an independent fortune himself, is an itemized statement of the way in which a bachelor society and club man would spend \$10,000 a year and keep up his end.

Mr. MacVeagh, who is noted as being one of the most generous men in Chicago, as well as a lavish entertainer, reckoned at first without the expenses of housekeeping for the bachelor on ten thousand a year.

"He would spend half his ten thousand for entertaining and charity," he said, but a moment later modified his statement.

"Naturally I did not think of his housekeeping expenses, for I live at home myself," he said. "He would have to curtail on entertaining and charity if he had an apartment."

Here is the statement which Mr. MacVeagh finally gave me:

Rent, apartment	\$1000
Living expenses, meals, servants' meals, etc.	1500
Stables or automobiles	2000
Charity	1000
Entertaining	1500
Travel	1100
Clothing	500
Club dues	500
Man	600
Household	800
Total	\$10,000

"This schedule is made with the idea that the man lives up to his income," said Mr. MacVeagh. "He can live on much less than this sum, save money or travel more and keep his social position."

"Traveling costs more than staying at home, however. Ten thousand dollars a year in Chicago means \$14,000 a year traveling. This schedule only gives him a month's travel."

"A good stable costs \$2000 at the least. I do not know much about automobiles, but I should think he could keep up a garage for about the same sum. He certainly could not have both."

"Three thousand dollars is about the minimum for a man in clubs or society, although as far as club dues are concerned one can belong to all the clubs in Chicago for \$500 a year. But on \$10,000 a year one can live comfortably in any social circle in America."

Here are the utterances of Governor Johnson at Duluth before the Y. M. C. A., the words which started the discussion:

"I do not believe that any man should have more than \$10,000 a year," said he. "If he lives right he does not need any more."

"The most vicious standard of success in the world is that which sets up dollars and cents as the height of human ambition. There is a man in New York who has set his ambition at \$1,000,000,000, and if he ever lives to acquire it he will be sorry that it is not \$2,000,000,000. The man who makes money the be-all and the end-all of his career is the most miserable man in the world."

MADAME YERKES-MIZNER CASTS OFF "PETITE," BRINDLE PUP; CALLS FOR "THE TWO-LEGGED ONE"

In Yawning Ennuye Widow-Bride Had Plunged Giant Husband Into Abyss (Yawn Again) of Deep, Dark Red-Ink Despair, Bon Vivants and Bottle Vinous Helped Some, Despite Fact His Nose Wasn't Imported—But Read the Story!

NEW YORK, March 7.—William Mizner and his bride, who was Mrs. Charles T. Yerkes, are still reconciled, and it seems as if they will remain so.

By Flora Lean Gibbey.

CHAPTER I.

Love Has Flew.

The enchantingly entrancing beauty drew her marble-white arm across her sea-green eyes—the kind you can

green in—and while her rosebud lips made a little moue she let the tapering fingers of her exquisitely chiseled left hand (she was a southpaw lady) fondle the ear of Petite, a doggone handsome brindle pup.

"Yvonne," lisped the languid beauty.

"Oui, madame," responded the insouciant imported French maid.

"I am ennuye," murmured the imperious dame. "I think I shall send my husband away from me."

"But, madame," protested Yvonne.

since you took Monsieur Mizner back."

"He bores me," sighed madame, "and, besides, he is not imported."

Petite chased his imported tail around in a circle.

CHAPTER II.

All Is Lost Save Money.

"Boys, I've lost my meal ticket."

The handsome young giant, whose only fault was that he was not imported, burst into tears.

"Alas!" he cried, "now I am in the Count Boni class."

A fellow-Bohemian took an automatic registering machine from his pocket and rang a bell.

"Cheer up," said the Bohemian; "she has left you only twelve times. It is in the number thirteen that the hoodoo lies."

Encouraging words, but they failed to lift the snoring happy husband's locks.

"You must write to her at once," he said. "Get some matches, and let her have a letter full of burning words. Use a bottle of burgundy for ink, and tell her that you are writing with your blood."

This brilliant idea was adopted with enthusiasm by the assembled dare devils, who ordered another quart and a bottle of

Oh, how she hated that nose! It was not imported, it was American.

champagne and smokes imported tobacco.

With heaving bosom she the missive. Then she turned her faithful maid with shapely eyes.

"Yvonne, isn't it grand to have one's money like that?"

CADETS IN FIGHTERS AWAIT ATHLETIC LEAGUE CLANG OF GONG

At a meeting of representatives from all of the important sports around the bay was held for the purpose of starting a cadet athletic league.

Previous to this a committee had up a constitution and by-laws, which were submitted and passed last night.

Great enthusiasm and spirit were shown by the members of the league, and a great deal of interest among those who are associated with amateur athletics.

There is a good outlook for the development of a great many athletes, and these cadets are mostly composed of young men who work and who consequently have not the opportunity or the leisure to enter athletics that their high school brothers have.

The cadet corps that are entered are as follows: First Congregational Corps of Oakland, Calvary Reserve Corps of San Francisco, Fruitvale Cadet Corps, and Starr King Cadet Corps of San Francisco. These are the most lively and wide-awake of the many around the bay.

Herbert Hauser, well known all over the State as secretary-treasurer of the Pacific Athletic Association, has taken a great deal of interest in it, and has been elected president of the league.

Will Wiseman of the First Congregational Cadets of Oakland has been elected secretary and is doing a great deal to help the league along. The other officers are Clifford Curry of Starr King Cadets, vice-president, and Clifford Dorman of Calvary Reserve Corps, treasurer. The dues of each corps for the league are \$4 per year, payable semi-annually. Each corps sends three elected delegates to act as representatives at the general meeting.

A big indoor meet is being planned to come off very shortly in the armory of the First Congregational Cadets of Oakland. Will Wiseman is chairman of the committee which has the planning of the meet. It will consist principally of indoor track events and a championship basketball game. Admission will be charged and the proceeds will go for the benefit of the Cadet Athletic League.

The object of the league is evident in itself. A greater corps spirit will be created and a wider friendship established, as well as a quickening in athletics and a development of the lad's body.

The date for the first big meet has not been decided, but it is expected that it will come off about the middle of April.

DUAL MEET FOR PRELIMINARY ARRANGED

High school and Stanford are to have a dual meet at Palo Alto next day as a preliminary to the big intercollegiate track and field meet to be held there March 21. In the competition the Stanford cups.

A dual contest, which will take place tomorrow at 10 o'clock, will be Stanford's first meet of the season with outside team, and will give the first test of the freshmen material.

The Oakland team includes several stars, including Munn, formerly of Missouri, who is good in the pole vault, high jump and the weights, and may also enter the hurdles. Dexter and Vall will also represent Oakland in the hurdles. It is expected that the freshmen will be given a hard fight.

ANGELS BEGIN TRAINING MONDAY

LOS ANGELES, March 7.—In just five days from today the ball player will come out of his winter seclusion and once more the crack of the bat and ball will be heard at Chutea Park. During the present week Manager Morley will gather in his contracts for the season and get word to all the 1918 Angels that the spring training will begin next Monday.

Ellis and Broadbent, the young bush leaguers, are the only men Morley has signed thus far, but the remainder of last year's team are under reserve and will sign in the course of the next few weeks.

A number of the players wintered here. Dillon, Cravath, Toman, Ross, Spies and Bernard are in or near the city and Atz is at Murietta. Baum, Nagle and Eager are in San Francisco and Toller arrived last week from Salt Lake with his birds. Formerly Miss Florence Cunningham, of Salt Lake City. The young couple are at the Angelus.

Brashear is in the East, having been called there by the death of a brother. Scholly having been drafted by Washington, will not be with the team this year, and Brashear will probably be played at second.

There is a possibility of a new park, Morley having the opportunity of selling his lease on the Chutes grounds after the opening six weeks' series. This will mean the building of a new ball park in another part of the city. It is hardly likely that a park so near the business section could be secured.

OUTSIDER HAS CALL AT ASCOT

LOS ANGELES, March 7.—The large crowd that attended Ascot yesterday witnessed some good racing. It has become the custom for 100 to 1 shots to win on the closing days of the meeting. Belvoir, the favorite, won the first race, beating the odds on the 100 to 1 shot, attracted a large crowd. HENRY LOAGUE, WHO IS TO MEET FRANK GORDON AT THE RELIANCE CLUB BOXING BOUTS TONIGHT.

Photo by Stewart Studio.

The fight fans of the city have prepared to witness a good night's sport at the Reliance Club tonight. The card, which consists of six four-round contests between well trained athletes, should prove to be an exceptionally good one, and the spectators no doubt will be kept in a thrill from start to finish. The main events between Henry Loague, the hard hitting Oakland boy, and Frank Gordon, the aggressive Frisco lad, and Walter Stanton of Point Richmond and Jack Burk of Sacramento, look to be the best matches as far as class is concerned, that have been offered to the Oakland patrons of the game since the four-round bouts became so popular.

The remaining four contests are equally even matches, and winners should prove hard to pick in all of them. Eddie Menser vs. Ed Robinson, J. Evans vs. J. Konkel, Young Gauly vs. "Spider" Swain, and Loren Brown vs. J. Crowe is the order in which the contestants will line up.

The club's physician will be on hand early, and each contestant will be required to pass a strict physical examination before entering the ring.

The seats and ring have been placed in the gymnasium and all is in readiness to handle a large crowd. Extra ushers have been secured, who will all wear white caps in order that they may easily be distinguished. The management has made special efforts to see that every one holding reserved seat checks gets the seat the check calls for, and also for the comfort of the general admission spectators.

GEORGE BROWN WINS BY KNOCKOUT IN NORTH

VANCOUVER, Wash., March 7.—Crowded to its doors last night the Vancouver Athletic Club saw Frank McConnell beaten in the third round by George Brown of Oakland. It was age against youth, as McConnell has certainly grown stale.

In the first round McConnell apparently had the best of the mix-up; in the second it was evident he was beaten, and in the third he went to the floor from a terrific punch over the heart. Brown was declared the victor even before time had elapsed, as it was evident that McConnell was done for.

Joe Stitt refereed the fight, and a big crowd of sports came over from Portland to witness the event. McConnell achieved notoriety some years ago by killing Jimmy Frane in a fight at Sacramento.

McConnell was perfectly helpless after the blow over the heart and had to be carried out of the ring. His face was badly marked, while Brown did not show a scratch. About \$500, even money, was bet at the ringside before the battle began. In the preliminaries Jack Sturgeon defeated Frank Wilson.

NEW INFIELDER MADE "REP" AT ST. VINCENT'S COLLEGE

Maurice Moriarty, who is to be one of Oakland's infielders for the coming season, has long been regarded as a "comer," and the fact that he is to enter professional baseball has caused the fans from everywhere along the coast to sit up and take notice.

Just at present he is a student at Stanford, but he made his baseball "rep" playing with St. Vincent's College at Los Angeles. He played four years with the Southern college, which probably would have made him ineligible to wear a Stanford uniform if he had decided to remain an amateur.

While he played third base for St. Vincent's it would occasion little surprise if Van Haltren used him at second. Oakland needs a second baseman, as Kelly is gone and Moriarty will have a chance to fill the bill.

This young player was very highly recommended to Cal Ewing. Those who have seen him in action say he is a natural ballplayer and will make good beyond a shadow of doubt.

MIKE FISHER TALKS ABOUT EMERSON'S CASE

"If that fellow Marer down at San Jose gets too gay I will go down and sign every player he has," announces Mike Fisher, the Fresno manager. Fisher is in bad humor. Mayor's statement that he had signed Arrelanes and that Emerson was given the knotty end of the stick by Tacoma has caused Fisher to say sharp things. "If you listen to that fellow Mayor he is going to break up this league," continues Mike. "I have just talking to the manager of the team that will get wise before Marer signs any more players. I have just talking to the manager of the team that will get wise before Marer signs any more players. I have just talking to the manager of the team that will get wise before Marer signs any more players."

THREE HANDED DUCK GAME FOR CHAMPIONSHIP

O. Overman, R. Smith and Charles Stanley have arranged to bowl ten games of duckpins for a purse of \$15, the first five games to be bowled Monday, March 12, and the next five on Monday, March 13.

This will be for the Alameda county championship, Mr. Smith being the champion by virtue of his recent remarkable score of 178.

SOME FLASHES OF DIAMOND LIGHT

SAN FRANCISCO, March 7.—Until yesterday Bobby Eager thought he was a free backstop. Nearly a week had passed and no contract had arrived from Jim Morley. He could not make it out. When he left Los Angeles he was given to understand that he and Ross would be the receivers, but that was four months ago.

Eager happened to float by Henry Harris' tobacco establishment on Stockton street yesterday when he was hailed by one of the clerks who appraised him that a registered letter had been waiting for him four days.

The letter contained the contract as Eager surmised, but better still, Morley presented him with a raise in salary, which always gladdens the heart of a ball player. Eager was entitled to any increase he received. He is a hard-working fellow, and furthermore, has shown improvement in his work.

MIGHT DO FOR OAKS.
Van Buren said yesterday that he had not had a line from the Portland Club, and he was now open to do business with any manager who wanted his services.

He expected a contract from McCredie, though he was non-committal. Having played with Portland last year he figured that it was only fair that he should give this club first chance to sign him.

As McCredie expects to play right field himself, presumably he has no use for Van Buren. It is not believed that Van will be out of a job long, for he is a useful player, and useful players are scarce this year.

LONG SHOT IS SURPRISE AT TRACK

Ralbert, a 20 to 1 chance, proved a big surprise at Emeryville yesterday. He certainly discounted his previous races in a manner that was very surprising. Deutschland was backed into favoritism over Tocolaw, and nothing else in the race was regarded to have much chance.

Deutschland and Ralbert took the lead at the start, and out into the stretch a couple of lengths in advance of Wenrick. Williams brought Lidian out into the hardest going and won out by half a length from Wenrick.

Elumthal captured the last race. Alice Carey was never a contender. Tam O'Shanter, who was 7 to 1 for the place, came second.

GIVE FOOTBALL ONE MORE TRIAL

CAMBRIDGE, Mass., March 7.—It is believed here that the Harvard authorities have decided to allow football to have one more year's trial under the new rules that have been adopted by the American Intercollegiate Rules Committee.

An incomplete informal canvass of the board of overseers made yesterday indicated that if the Harvard athletic committee is willing to permit another trial of the game, the overseers will not oppose it, provided it is agreed that if the game results unsatisfactorily next fall it be abandoned thereafter. It is known that the athletic committee is favorable to another trial.

FRUITVALE IS LOOKING FOR HOME

FRUITVALE, Calif., March 7.—The Fruitvale Athletic Club is looking for a home. The club has been in existence for some time, but has not yet found a permanent home.

EXPECT GREAT RACE TONIGHT

DON TREGO, ONE OF OAKLAND'S REPRESENTATIVES FOR TONIGHT'S ROLLER RACES.

The roller races of the Oakland wheelmen at Ye Liberty Theater tonight promise to be the most warmly contested events that have taken place here in a long time.

B. Llesner has donated a \$25 silver cup, for which practically all of the clubs about the bay will compete.

The riders who will represent the local club are well trained and in high spirits, and feel sure of winning this race before their home crowd. Don Trego and Ed McGhee have proven without a doubt that they are the best roller riders from among the O. W. boys, and if they meet defeat tonight they will have no excuse to offer.

Trego has gone a mile in fifty-eight seconds and one minute flat at the club, and McGhee holds the coast record at two miles.

Bill Hope, the first trainer the wheelmen ever had, has taken up his old bag again, and the team has benefited greatly from his services. Hope handled the relay team that won the Pacific Coast championship at Sacramento in August, 1903. With him and Knott handling the riders, the club will have a team that will bring home many a cup for them this season.

Dave Mainland, of the New Century Wheelmen, who held the world's roller record for two miles until McGhee lowered it to two minutes, sixteen seconds, is training hard and expects to regain his lost laurels and establish a mark that will stand for some time to come. McGhee is of the same frame of mind, so some very fast pedaling may be looked for.

C. C. Wuth, chairman of the California Associated Cyclers, arranged the entries at the club rooms last night.

ANOTHER OUTFIELDER IN VIEW FOR OAKLAND CLUB

Manager Van Haltren of the Oakland Baseball Club, this morning received the signed contract of J. J. Hackett, brother of Tom Hackett, and who is to cover first base for Oakland this season.

Hackett is now at Jacksonville, Illinois, but will leave shortly for the coast. In fact, Van wired him today to start at once in order to report at Bakersfield on March 14.

Van Haltren has changed his plans slightly in reference to the beginning of training and will start in on the fourteenth instead of the fifteenth as originally planned. Those who are in this city will leave here next Tuesday, March 13, for the training ground and begin work the day following.

Van Haltren expects to sign another outfielder in a day or two, but will not announce his name until the contract is in his hands. The youngster is an amateur of brilliant promise, who has played in numerous teams in California and who Van thinks is a "comer."

When Van handed him a contract for his signature, the young man said that, inasmuch as he had never examined a contract of the sort before, he would like to take it home and look it over. "Sure," said Van, "I want you to realize fully what you are going into and to look the matter over thoroughly before signing."

It is not thought that the young man will hold out and therefore the outfield will at least have no holes in it.

MAN NAMED JOHN SULLIVAN BREAKS OUT IN NEW PLACE

In a recent interview John L. Sullivan is alleged to have unburdened himself of the following:

"A doctor in Cambridge, Mass., Dr. Sargent, when I was 34 years old and champion, put me through a lot of tests. I punched a bag while the time my fists traveled through the air was measured. He wrote it all down, and here are some of the things he found: That the time it took for me to strike at the bag after having received the signal to hit was less than half a second. He said that when my legs were bending back a punch it was just as sure as ever, but the blow was not as strong as it once was. He said that the other parts of my body were not as strong as they once were."

ST. MARY'S WINS FROM ITS RIVAL

St. Mary's has before known its joys, but perhaps never before in the history of the noted institution has such a demonstration of hilarity been witnessed as actuated the student body last evening.

Of course the reason was evident. The famed Phoenix nine had triumphed in the greatest of their intercollegiate battles, their first contest with Santa Clara College. From the moment the game was over until sleep manifested St. Mary's in soothing embraces, college yells, cowbells, rattles, and everything obtainable in the way of a noise-producing instrument disturbed the peace from Santa Clara to St. Mary's.

The game, according to agreement, was scheduled to be played at Cyclops Park, San Jose. At the last moment, and without previous warning, the contest was transferred to the Santa Clara College campus. When St. Mary's followers arrived at San Jose and learned the ominous news naturally they were crestfallen, but were not to be daunted. They felt, however, that to go into Santa Clara without a big factor against them.

The field is located between buildings, with trees spreading almost everywhere, even into the field. The ground, besides, is as hard as adamant, and very gravelly. These were immense handicaps, but St. Mary's had to face the music.

ROOTERS LATE.
By some unforeseen delay the Oakland rooters were not on the ground when play was called at 10. Ten minutes grace was given and still they failed to appear. Toward the close of the second inning they were on hand to offset the systematized work of the Santa Clara bleachers. Being at home the southern boys naturally on the noise. Suddenly, however, St. Mary's rooters broke out in a manner that threatened to raise the departed. The flourish actually took the Santa Clara value by storm. Cowbells and rattles of all varieties were brought into play so unceremoniously that the Santa Clara band and the rooters gave up the ghost.

Another nice feature that pleased St. Mary's adherents was the casual sending up of a beautiful white dove decorated with St. Mary's "pink and blue."

GAME OF LIFETIME.
But the game. Perhaps once in a lifetime will it like be seen. From the first until the ninth inning not a run was scored. In the ninth, however, St. Mary's should have reached home. Joyce walked and stole second. Haley was good for a nice beat, but Joyce hesitated at the plate and in consequence was out at the first base.

Three times St. Mary's had a man on third with only one gone, but Fate decreed against them. Santa Clara in all the game never had a chance to score. But once again reached third, and then two were gone.

EXCITING FINISH.
The strenuous ninth had come, and all had about settled back for an extraordinary encounter. Two had been retired in St. Mary's half. Feeney came to bat and got a two-bagger. He was followed by McGreggor, who, amidst deafening hurrahs from St. Mary's bells and leather-lunged youngsters, sent the ball into center field, scoring Feeney and winning his own game. That sufficed. Santa Clara tried hard in her half, but the efforts were futile.

Then occurred the wildest exhibition of hilarious enthusiasm imaginable. St. Mary's rooters gathered around their hero, McGreggor, and him high and marched around the diamond to the echo of the familiar "Ho, ho, ho; ha, ha, ha; St. Mary's, Oakland, rah, rah, rah!"

NEXT GAME.
The next game of the series will be played at Recreation Park, San Francisco, on March 12. It is expected that complete satisfaction.

Following is the score in detail:

REMARKABLE EXPERIMENTS AND STUDIES ON THE STOMACH. How To Eat Properly.

BY DR. VALENTINE.

Not long ago Horace Fletcher published a book called "The A. B. Z. of Our Own Nutrition." In which he advocated, "Do right the feeding of your body. Nature will do all the rest for you." After a dozen years of unintermitted experiments upon himself and upon dogs, cats and other animals, Mr. Fletcher concludes that the average human being eats three times as much as is good for him; that by eating only one-third as much and masticating it even more thoroughly than he does, the famous thirty-two bits of each mouthful, a person is assured of unfailing health, strength, contentment and longevity. In a word, he will have annihilated the chief cause of all diseases.

Mr. Fletcher conducted experiments at Yale and Cambridge Universities, and made tests under the auspices of the United States Army. He has given his experiments to the world, and people should ignore false appetite and wait for a return of normal appetite, which is indicated by a desire for some particular simple food, accompanied by a watering of the mouth—all of which is good advice, but a great many Americans, both men and women, are thin, pale and puny, with poor circulation, because they have already injured their stomachs by hasty eating or too much eating, by consuming alcoholic beverages, or by too close confinement to home, office or factory, and in consequence the stomach must be treated in a natural way before they can rectify their earlier mistakes. The muscles in many such people, in every way, thin and thin-blooded, do their work with great difficulty. As a result fatigue comes early, is extreme and lasts long. The demand for nutritive food is ahead of the supply. To insure perfect health every day, the liver, lungs, and muscles should take from the blood certain materials and return to it certain others. It is necessary to prepare the stomach for the work of taking up from the food what is necessary to make good, rich, red blood. We must go to Nature for the remedy, which shall be simple but effective. There were certain roots known to the Indians of this country before the advent of the whites which later came to the knowledge of the settlers and which are now growing rapidly in professional favor for the cure of obstinate stomach and liver troubles. These are found to be safe and yet certain in their cleansing and invigorating effect upon the stomach and blood. These are: Golden Seal root, Queen's root, Bloodroot, Mandrake root. Then there is Black Cherrubark. The medicinal principles residing in these native roots when extracted with glycerine as a solvent makes the most reliable and efficient stomach tonic and liver invigorator. Where there is bankrupt vitality—such as exhaustion, bad nutrition—such as blood the body acquires vigor and the nerves, blood and all the tissues feel the favorable effect.

Although some physicians were aware of the high medicinal value of the above mentioned plants, yet few have used pure glycerine in combination, or as a solvent, and usually the doctors' prescriptions called for the ingredients in varying amounts, with alcohol.

Nearly forty years ago, Dr. Pierce found that chemically pure glycerine, of proper strength, was best for extracting the medicinal properties from these roots, and that it gave added value to a tonic compound in restoring tone and vigor to the entire system without the detrimental

Mrs. E. I. Bartholomew is chairman of the music for the afternoon, and mandolin and guitar numbers will be provided by the ladies of the Cap and Bells orchestra, from San Francisco, under the direction of Miss Elsie Tooker.
The receiving party will include Mrs. Martin Brigan, Mrs. F. C. Booth, Mrs. E. I. Bartholomew, Mrs. H. H. Schmidt, Mrs. W. E. West, Mrs. J. E. Crowell, Mrs. L. R. Barstow, Mrs. Miss Ella J. Barstow, Mrs. W. M. Beckwith.

DEATH BY INDIGESTION.
A Long Train of Fatal Ills is the Direct Result of Undigested Food.

Undigested food, by fermenting, forms a poison in the stomach and this is absorbed in the blood. If this goes on very long, and your heart happens to be weak, you'll be found some morning dead in bed, or you may fall back down the stairs about an hour and a half after dinner, and will be found dead in the same position. Yes, that may be the result, but not the cause. The cause is indigestion. Indigestion is a simple, common word, but it is a terrible import.

And so you may get apoplexy, and die suddenly while you're standing.
If you have a weak liver, the poison of undigested food will attack it and you will get jaundice. If you have weak kidneys, you will get Bright's disease or diabetes, from which there is no rescue for any man.

It was a learned physician who said that the progress of a race depended upon the stomachs of its members.
And you have and you are in your life, eaten a heavy meal, or eaten in a hurry, and felt that "lump of lead" immediately afterward. That lump of lead is a hard ball of undigested food. The stomach can't digest it and finds it hard to throw it out. And so it sours, and it makes you sour and everybody sour who talks with you. It gives you a bad breath and is building for you the road to dyspepsia and death, unless you stop it.

Stop it with Stuart's Dyspepsia Tablets. Just think, these little tablets are every bit as powerful as the gastric juice in your stomach. One grain will digest 300 grains of food. In this wonderful, and it is true, just try it and prove it.

If you have any brash, gas on the stomach, fermentation, burning, bloating, indigestion, dyspepsia or heartburn, Stuart's Dyspepsia Tablets will make it disappear before it can do any harm to your heart or other organs. They will invigorate the stomach, relieve the stomach of two-thirds of its work and give it a chance to rest. They will increase the flow of gastric juice, and it will ever "live" in your lifetime, and it will be after you have eaten a good, hearty meal, and taken one of these little tablets immediately afterward. You'll just feel fine.

Take Stuart's Dyspepsia Tablets after your next meal today and you will use them ever afterward. You will be cheerful, vigorous and your mind will be clear. You'll have snap and vim, and add many a day to your life.

You can get these wonderful little tablets at any druggist's for 50 cents a package.

season given under the auspices of the Oakland Club, the proceeds to be devoted to the probation officer fund.

A WEDDING.
The many friends of Miss Leone Leutz, a popular school teacher of Oroville, will be much surprised to hear of her marriage, which took place last week, to a very prominent real estate man, J. McQuinn. The couple are spending the honeymoon in the southern part of the State, and expect to visit Mr. and Mrs. J. H. Morehouse Jr. on their return, as it was but a few weeks ago that Mrs. Morehouse gave a delightful reception in her honor.

HOME WEDDING.
The marriage of Miss Angelyn West and Walter C. Crow took place Wednesday at the home of the bride's parents, Mr. and Mrs. W. D. West, on Twenty-third street.

The wedding took place at noon, the Rev. C. H. Brown officiating, and guests including only the immediate relatives of the couple.

The bride's gown was of champagne-colored crepe. Following the pretty ceremony there was a reception and wedding breakfast for the scores of guests. Among those present was the bride's grandmother, Mrs. Angelyn West, of Los Angeles.

The groom is a member of the wealthy Crow family, of Crow's Landing, Stanislaus County, where the young couple will reside.

CLUB MEETING.
The "Ladies of the Round Table" enjoyed an instructive meeting on Thursday last at the home of Mrs. Senlon Peter on Valdez street. Papers were read by Mrs. M. Morales of Berkeley and Miss Burrows of the city. Musical hour followed the discussion of these papers, and refreshments concluded a pleasant afternoon.

AFTERNOON PARTY.
A delightful afternoon party was given at the home of Mr. and Mrs. J. H. Morehouse Jr. on Sunday last. Dinner was served by the hostess, Mrs. Morehouse. Those present were: John Haselbruch, Sheriff present; Frank Barnett, Mr. and Mrs. William Sunell, Mr. and Mrs. Jeffries, Mr. and Mrs. Al Merritt, Mr. and Mrs. William Fenn, Mr. and Mrs. Krager, Mr. and Mrs. J. H. Morehouse Jr., Mr. and Mrs. William Hynes, Mr. and Mrs. Teichner, Miss Emma Appleford, Miss K. Appleford, Miss Lotta O'Malley, Miss H. H. Hales, Robert McGill Jr., Dr. H. Alexander, Charles Appleford, William Ross, W. T. Vahlberg, E. Morie, J. Planalp, Arthur White, Will McCutcheon, and others.

The decorations of the open air dining-room were red and green, and red throughout the house.

The dinner was in banquet form. W. T. Vahlberg, of Crow's Landing, Stanislaus County, and Al Merritt, Sheriff Appleford, and J. H. Morehouse Jr., Charles Appleford and Mr. Sunell made speeches.

The ladies present were charmingly gown, and also gave many clever speeches and toasts.

After the dinner there was music, and a very pretty fancy dance was performed by Mrs. William Fenn and her sister, Miss Lotta O'Malley, who are attractive girls with musical ability.

Following this was a burlesque by Mr. Merritt, Mr. Barnett and Charles Appleford.

The party was voted an unusual and most enjoyable occasion of recreation.

YIELDS TO AMERICA SUGGESTS REVISION

Porte Accords Official Recognition to Schools. Councilman's New Plan for Fixing Tax Values.

CONSTANTINOPLE, March 9.—The Porte has yielded to the American demands and has informed the American legation that orders have been sent to Beirut to admit free of duty all consignments for the American schools in Syria.

The same note declares that the Porte is ready to accord the same official recognition to American as to other schools if a request to that effect is presented to the proper department for each institution separately.

This is not satisfactory to the American Legation, where it is considered to indicate a further attempt at procrastination, as similar requests for the recognition of certain schools presented to the ministry a year ago have not yet been granted.

The legation now proposes to apply more urgent pressure for the recognition of the four most important educational establishments.

WHAT IS CATARRH?

Disease Prevalent Now But Can Be Cured Quickly With Hyomei.

Until very recent years, it was thought that catarrh was a disease of the blood, but now modern science has proven that catarrh is a germ disease, and can be cured only by a treatment that will kill the germ and heal the inflamed membrane of the nose and throat.

Therefore, when you have catarrh, you can readily see that if you want to cure it, you should use Hyomei, which mediates the catarrhal germs, thus killing the catarrhal germs, and healing the inflamed and raw membrane of the passages through the nose and throat. In breathing Hyomei you are really treating your catarrhal troubles with the only natural method, for it will make the air you breathe as pure, healing and antiseptic as that found on the mountains where the pine forests give off their fragrant and healing balsams.

The complete Hyomei outfit, consisting of an inhaler, a bottle of Hyomei, and a medicine dropper, costs only \$1.00. Extra bottles can be obtained for 50 cents.

If you cannot obtain Hyomei of your dealer, it will be forwarded by mail, postage paid, on receipt of price. Write for a free sample bottle and consultation blank that will entitle you to services of our medical department without charge. The E. T. South Company, Hyomei Building, Chicago, N. Y.

Councilman Thurston introduced a resolution at the meeting of the City Council last night directing the city assessor to revise the figures given him by the county assessor as a basis of taxation.

Under the present law the estimates of the value of property made by the county assessor serve as a basis not only for county taxation, but for city taxation as well.

It is Councilman Thurston's idea, that City Assessor E. T. South, city assessor, will be able to readjust the values placed on city property so that the assessments will be more equitable and uniform.

"That if the city assessor will revise the figures submitted by the county assessor, the tax rate can be materially reduced."

The resolution, which is as follows, was referred to the Auditing and Finance Committee:

TWO OFFICERS AND SIX MEN KILLED

WASHINGTON, March 9.—The State Department is in receipt of a cablegram dated Monte Christ, San Domingo, yesterday, saying that on the preceding day, while the terms of surrender were being carried out between the government forces and the revolutionists, the latter acted in bad faith and there was a fight in which two officers and six men were killed, including General Cepin. The revolutionists escaped to the bushes.

REPORTS ARE MADE BY COMMITTEES

ALAMEDA, March 9.—There was a committee meeting of the freeholders last night. NOW FOR THE "CRADLED" IN AN FIRE ESCAPES AUTO SHOP

NEW ORDINANCE IN BERKELEY TO PROVIDE FOR PROTECTION.

BERKELEY, March 9.—A new building ordinance, which will provide among other things for proper fire escapes on Berkeley buildings, is to be introduced for consideration by the town trustees when the board meets next Monday night. Building Inspector Bull will present the document.

While in its scope and covering every detail regarding the proper construction of buildings, the new ordinance will be almost identical with the building laws of San Francisco and other large cities. One of the most important features of the new law will be that it will require that an overhead platform be built over a sidewalk during the construction of a building. A proper sidewalk surrounded with railings will have to be maintained for the convenience of pedestrians.

For the first time in the history of the city fire escapes will have to be maintained on all buildings over three stories in height.

CONTINUE EXHIBIT.

BERKELEY, March 9.—The Pyrene Association, which has been conducting an exhibit of Rafael's Stained Medals in embroidery, at the Bacon Art Gallery of the University, for the benefit of the hospital funds, announces that the exhibit will be continued tonight and tomorrow, day and evening. The embroidery work is by Clara Ripberger, of Dresden.

WINTER ECZEMA SKIN HARD AND DRY

Some skin diseases are active in Summer, while others wait until cold weather to manifest themselves. Winter Eczema sleeps in the system through the long hot months, and gives no sign of its presence; but at the coming of Winter the trouble asserts itself and it becomes one of the most painful and distressing of all skin diseases. The blood is filled with poisonous acids which seem to be excited by the cold; and as these are thrown off through the pores and glands, the skin cracks and bleeds, the flesh becomes hot and feverish and the itching intense. The natural oils which keep the skin soft and pliant are dried up by the cold, bleak winds, causing it to become hard and dry, giving it that shiny, leathery appearance, characteristic of the disease. The head, face, hands and feet are the usual points of attack, though other parts of the body may be affected. So painful and distressing is the trouble that the sufferer constantly "doctors" and treats it trying to get relief. Soothing washes, medicated ointments and salves are used, but aside from giving temporary relief they do no good. The cause is poisonous acids in the blood, and these must be removed before a cure can be effected. The only cure for Winter Eczema is S. S. S., the greatest of all blood purifiers. It cleanses the entire blood supply of the acid poisons and sends a fresh, healthy stream to the diseased skin, healing and softening it and curing the painful, itching eruptions. S. S. S. enters the blood and purifies it of all waste and foreign matter, and cures Winter Eczema—no matter how bad it is. S. S. S. is sometimes called—safely as well as surely; besides it does not contain any harmful mineral to damage or damage any part of the system. WANT TO KEEP A BLOODLESS GIRL POKER PLAYERS TO APPEAL

CURED OF ANAEMIA BY DR. WILLIAMS' PINK PILLS.
Miss Hathaway says These Pills Saved Her Life and She Recommends Them to Others.

Doctors have given the Greek name Anaemia, meaning "bloodlessness," to a disease which is much more prevalent among young women than is generally believed. In its early stages the disease is not marked by any decided symptoms and often makes considerable advance before its presence is noticed. An unusual feeling of fatigue after slight exercise, breathlessness and pallor are the first noticeable signs. The disease literally causes the blood to turn to water, and, unless a proper remedy is used, is inevitably fatal.

There are some who still believe that anaemia is incurable but the following case is fully substantiated and may be investigated by any one interested. Miss Frankie Hathaway, of 214 West Main street, Kalamazoo, Mich., says: "When I was sixteen years old I was taken quite ill, so ill that the family doctor was called to attend me. I was pale and weak and did not gain weight. My appetite was gone. My appetite increased and the healthy color began to show in my cheeks and lips. I continued to use the pills until I had taken fifteen boxes when I found myself permanently cured."

"Since then I have never had any return of my old trouble and cannot remember a time when I was as strong and healthy as now. I know that Dr. Williams' Pink Pills for Pale People saved my life and I believe that no other medicine could have done so. I advise all my friends to try the pills and always find that they are benefited by them. I hope that this testimonial may be the means of hundreds of sufferers finding a cure for their illness."

Dr. Williams' Pink Pills cure anaemia just as food cures hunger. They do not act on the bowels but they actually make new blood. Most common diseases are caused by bad blood, and Dr. Williams' Pink Pills, by supplying the elements necessary to give new life and richness to the blood, have cured even such cases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, the after-effects of the grip, palpitation of the heart, pale and sallow complexion, and all forms of weakness either in male or female. Dr. Williams' Pink Pills for Pale People are sold by all dealers or will be sent, postpaid, on receipt of price, 50 cents a box, six boxes \$2.50, by addressing Dr. Williams' Medicine Company, Schenectady, N. Y.

TWO STRINGS TO ITS BOW

REPORT THAT THE WESTERN PACIFIC HAS SURVEYED TO SAN RAMON.

HAYWARD, March 9.—The fact that a surveying party has recently been running a line along the foothills from Hayward, between the boulevard and the hills, to the California Railway at Leona Heights line, which it is reported is owned by the O. T. C. or on which they have an option, and which stretches from Sather across the Southern Pacific line away toward Alameda, has given rise to the opinion that the Western Pacific has "two strings to its bow," on either one of which it intends to be in a position to play in its effort to get to the water at San Francisco bay.

The idea that it might avoid some present troubles by running up the San Ramon valley and coming across Hayward past the line of survey just spoken of has also taken possession of some. They say they have been told by persons whom they know and have confidence in and whom they believe have had an opportunity to gather the information they say they have that the head man of one of the Western Pacific survey parties some time ago bought several farms in the hills between San Ramon valley and Hayward near a line of road between the two places would be likely to be, if built. Such a line would be a good feeder, they think, even if it was not the main line.

At the meeting of the city trustees all the members were present, and the water rate ordinance fixing the rates for the coming year at the same figures as last year, with the exception of a raise for houses containing two persons only from 75 cents to \$1 per month, was passed by unanimous vote.

Jesse Woods presented the matter of the expected glove factory in Hayward, and invited the personal help of the trustees in making provision for the business desired.

The trustees accepted from O'Brien & Warren a deed to a strip of land twenty feet wide, affording passage from Hampton street, on Hayward hill, to Main street. City Engineer Gray having reported favorably to such action.

The trustees voted to raise the salary attached to the office of clerk to \$50 per month, and that attached to the office of city marshal to \$75 per month.

The election proclamation was ordered, and the clerk instructed to procure the necessary supplies for the city election to occur April 10.

SOLD AGAIN—AT PROFIT.
The thirteen-acre place in the Castro valley, bought not long ago by H. S. Wells of Siskiyou county has been sold again, through the agency of P. Wilbert, to C. S. Elwell of San Bernardino, who expects to move his family to it soon. The place includes a furnished house, windmill, barn, two irrigation wells and engines, two acres in berries and four in orchard. The price for which it went in this instance is reported at \$7500. To come here Mr. Wells disposed of a stock farm in Siskiyou county. The purchaser is reported to have gotten into some difficulty over water rights which has necessitated Mr. Wells taking the place back again, but if he can dispose of it properly he expects to return here.

NEW PEAS.
New peas are expected in market from Hayward farms within ten days, so Express Agent Fisher reports.

MELROSE CITIZENS TO HAVE MEETING

The regular meeting of the Melrose Improvement Club will be held at the Melrose school hall, Saturday evening, March 10th, at 8 o'clock. The speakers will be Assistant District Attorney Everett, J. Brown, of Oakland, and Mr. Freeman, of Fruitvale. Representatives of the S. P. R. Co. will be present to learn the wishes of the citizens in the matter of naming the new local terminal. A large attendance is desired and all visitors will be welcomed.

SUPERIOR-GENERAL OF CARMELITE
LITE ORDER ARRIVES FROM
ROME ON TOUR.

NEW YORK, March 9.—To inspect all houses of the order in the United States, Canada and South America, Rev. Pius Mayer, superior-general of the Carmelite Order, arrived here yesterday by the steamer Sicilia of the Italian line. He will travel about 40,000 miles before getting back to Rome early next year, as his tour will include Spain and Holland.

In all this journey Father Mayer's baggage will consist only of a small handbag, containing articles necessary for his toilet. He also travels with an empty purse, as the rule of his order is poverty.

Father Mayer is an American, and until a few years ago lived in Pittsburgh. "This tour of inspection has to be made by the head of our order once every three years," he said. "I expect to remain in the United States and Canada until July, when I shall sail for Brazil. There are fifty-one houses in the United States and Canada. The work is progressing slowly here, but in Spain and Holland the outlook is more encouraging."

NEW RATES.

NEW YORK, March 9.—At a meeting of truck line traffic managers yesterday new "lake and rail" rates to take effect on the opening of navigation were decided on. Compared with rates a year ago, they are one-half cent per bushel lower on wheat and flax, unchanged on barley and oats, and are one-half cent per bushel higher on rice and corn.

The new rates are: Wheat, 45¢; flax, 45¢; rice, 45¢; corn, 45¢; barley, 45¢; oats, 45¢.

The new rates refer to export business only, and for the first time in some years higher "lake and rail" rates will be charged for local than for export grain business.

DEFIES SPEAKER, IN RAGE

SENSATIONAL SCENE ENACTED
IN BRITISH COLUMBIA
PARLIAMENT.

VICTORIA, B. C., March 9.—A scene resulted in the British Columbia Parliament last night, following a tilt between Premier McBride and J. A. MacDonald, leader of the opposition, who made charges of improper dealings in connection with the transfer of Klonik Island to the Grand Trunk Pacific.

A bitter personal attack was made by the leader of the opposition, which elicited an angry, excited rejoinder, during which the Speaker ordered Premier McBride to take his seat, he being out of order in continuing a discussion upon a question of privilege.

Raising his voice to a shout, the Premier turned his back upon the Speaker and continued the rejoinder. Meanwhile the Speaker shouted to the Premier to resume his seat, and colleagues of the Premier saved a further scene by taking him by the coat tail and pulling him down to his chair. The Premier afterwards apologized and submitted to the ruling.

RUSH COMPLETION OF THE NEW ROAD

DENVER, March 9.—All arrangements have been made to go forward with the construction and completion of the Denver, Northwestern & Pacific Railroad (the Moffat Short Line) to its destination at Salt Lake City with the utmost dispatch. A telegram received from David H. Moffat, now in New York, contained the following: "I have concluded financial arrangements for pushing construction of road through to Utah. The work of building will be crowded ahead at once."

At the headquarters of the railroad here preparations have been under way for several days for building on a very much larger scale than has yet been attempted. Work on the road will be undertaken from the two ends of the line.

ASCENDS CRATER OF VOLCANO

UNIVERSITY PROFESSOR INVESTIGATES DISTURBANCES IN
MARTINIQUE.

NEW YORK, March 9.—A cable dispatch to the Herald from Fort de France, Martinique, says: By telephone from the government observatory adjacent to Mont Pelée, Professor Hellpich of the University of Pennsylvania says he has made an ascent of the crater of the volcano. He found it quiet and is assured it has been quiet. Despite reports to the contrary, there were no signs of a renewal of activity on February 16, when Martinique sustained a violent shock. Several houses in Fort de France fell. Many others were damaged and condemned. They are now being torn down.

Since then there have been slight shocks felt in this city. They are diminishing in violence, but are frequent. The maximum vertical amplitude of the first was thirty-five millimeters. This shock was preceded by tremors. The population is much alarmed and many went to the country, where they are still sleeping under tents at night.

Professor Hellpich is positive the earthquake shocks have no connection with the volcano. He says they are due to a slow settling of the bed of the Caribbean sea.

BEN HENDRICKS IN OLE OLSON

The Northland singer, Ben Hendricks, the popular Swedish dialect comedian, will open his engagement at the Macdonough Theater Saturday and Sunday March 10th and 11th, and will present his favorite comedy drama, "Ole Olson." Mr. Hendricks is one of the most popular actors visiting the city and his reputation last season was gratifying to himself and management. "Ole Olson" is one of those wholesome productions which a theater-going public will recognize by its patronage. Mr. Hendricks will sing during the play six new musical songs, "Northland Lullaby," "Zigzag," "A Swagman in Sweden," "Zigzag," "Strawberries," and "Open Your Mouth and Shut Your Eyes." Matinee Sunday. Seats now on sale.

FLORENCE ROBERTS.

Max Pigman, the well-known comedian and stage director, heads the very capable company of players who will be seen with Florence Roberts, the noted actress, when she presents her latest production, "The Strength of the Weak," a new modern play in four acts, at the Macdonough Theater Thursday, March 15th.

Mr. Pigman's work as a stage director for Max Pigman, the noted actress, has been a success in many of her productions and his interpretation of important parts with many of the leading stars has established him as one of the very best actors in the country.

As the star in "The Marriage of Kitty" last season Mr. Pigman displayed his versatility while his part of Baron von Klobenstein in "The Strength of the Weak" is said to be one of the best he has ever portrayed. Seats now on sale.

FOR OLD PEOPLE

The Owl Drug Co. Have a Guaranteed Strength Creator.

Mr. Speech, of the above firm of well known druggists, says "hundreds of old people right here in Oakland need just such a strength-maker and body-builder as our delicious cod liver oil preparation, Vinol, and we simply cannot understand why they will continue to drag out a half-dead and half-alive existence, when we guarantee Vinol will strengthen and invigorate every organ in the body, stop the natural decline and make them well, strong and active."

This is because Vinol contains in a highly concentrated form all the strength-creating and body-building elements of cod liver oil, actually taken from fresh cods' livers, but without a drop of the system-clogging oil to upset the stomach and retard its work.

Vinol creates renewed vitality in the most natural manner, making rich, red blood, and building up and strengthening every organ in the body to do its work as nature intended. Many old people have written that they would not take \$1000 for the good Vinol has done them.

In the strongest manner we endorse and guarantee Vinol to increase the appetite, give strength and renewed vitality to the aged, build up the run-down, tired and debilitated, make the weak strong, or return to the purchaser every dollar paid for it." The Owl Drug Co.

IS STILL MISSING

Lodge Takes Up Search—
Believe He Is De-
ranged.

LIVERMORE, March 9.—The William R. Stoeven mystery remains unsolved as yet. Mike Rogers, who was sent to Sacramento by Stoeven's relatives to search for some clue to his whereabouts, returned yesterday after five days in the Capital City.

The united efforts of the police force of Sacramento, the sheriff's office and the Foresters' lodge of that city failed completely in obtaining any clue to Stoeven's movements after leaving the train at Sacramento. Mr. Rogers personally interviewed the various ticket sellers and conductors on all trains during the next few hours after Stoeven's arrival, but all to no purpose.

The local Foresters' lodge, of which Mr. Stoeven is a trustee, at a meeting Wednesday evening, decided to have a large number of bills printed containing Stoeven's picture and description. These are to be mailed to the various lodges in California, Nevada, etc., in hopes that the missing man may be found through this agency.

Stoeven's business is still running, and the heavy trade continues undisturbed. "Billy" McGinn, the well-known butcher of Pleasanton, has assumed charge of the business as keeper and is giving it his personal supervision.

It is understood that Mr. Martin expects to make an offer for the business in the event of Mr. Stoeven not being found in a reasonable length of time. The sympathy of this community goes out to Stoeven's family in this sad affair. Two of his children have been ill, and his wife is almost prostrated with worry and anxiety.

The people here are almost unanimous in their opinion that overwork and worry over the details of a business that was too large for his experience, caused Stoeven's mind to become deranged. His erratic actions are best explained in that light, at least, and fresh details are being added day by day which strengthen the theory of "mental unsoundness."

LAD TO BE TRIED.

The trial of Joe Foscalua, son of Simon Foscalua, takes place before Justice Quinn at Pleasanton on Saturday morning at 11 o'clock. Young Foscalua was arrested several days ago by Constable Fitzgerald, and was put under bonds of \$500 to warrant his appearance next Saturday in Justice Quinn's court.

Foscalua is accused of pulling spikes out of the ties on the main line and driving them in between the joints of the rails, and thus rendering a wreck liable.

He is further implicated in the moving of cars on the switches. In company with other boys about his age, and of which company he seems to be the leader, he has been an annoyance to the local employees of the Southern Pacific.

He it was who took a large number of torpedoes from various passenger trains a few months ago. Detective Mahoney investigated this matter, and brought the girl of the matter home to Joe Foscalua, who admitted it. The Southern Pacific let him off at the time with a warning to keep away from railroad property. This warning seems to have done no good, and although the boy's parents were also warned at the same time, they either did not or could not exercise a restraining influence upon his natural bent for mischief.

Young Foscalua admitted his guilt in this last matter when questioned by Detective Mahoney. The following names have been subpoenaed by the complainant next Saturday: Eddie Volpino, Julius Olson, Otto Olson, and Section Foreman Patrick Wynne of the Southern Pacific.

MIXUP ON NAMES.

Editor Still of the Echo has been the subject of several local parties coming into possession of advertised letters at the home of the advertiser, Mrs. J. W. Still, of the Echo, at Livermore, Colorado, and Lemoore, California. Noting the similarity of these two to Livermore, California, he arranged with the postmasters of the other two towns to forward their advertised letters to him each month so that he might publish them.

Many letters intended for Livermore, California, go astray to Livermore, Colorado, because the sender is careless in writing the abbreviation of the State and the mail clerk cannot tell whether it is Cal. for California, or Col. for Colorado.

SHOW MAKES SALES.

The horse show resulted in some sales of local horses to visitors. Tony Rose, of the Basco Ranch, sold his fine black draft stallion, "Rock," to his brother-in-law, and Morris, Dutchman, a span of driving horses to Antonio Goulart of Hayward. A number of options were taken on other horses and may result in sales during the next few days.

START SKATING RINK.

Miss D. V. Hughes of Oakland opened a skating rink in the Sweeney Opera House last Wednesday evening. A goodly crowd was on the floor, and the gallery was crowded with spectators who heartily enjoyed the many ludicrous things that took place upon the floor.

ON THE TAPIS.

Among the events of interest in the near future we note the following:

A game of baseball between the local Court of Foresters and Court No. 7, of San Francisco, game to be played on Sunday afternoon, March 11.

On the evening of Saturday, March 17, the local Aerle F. O. E. will give a ball in Sweeney's Opera House.

Friday evening, April 6, the congregation of the Presbyterian Church will hold an "Experience Social" in the social rooms of their church.

On Saturday night, April 7, there will be a grand ball in the opera house under the auspices of the two local Danish lodges, No. 13, O. D. H. S., and No. 7, Order of Danica.

Town election takes place on Monday, April 9.

The Y. M. I. gives its annual ball on the evening of April 29.

On Saturday evening, April 21, occurs another ball. It is under the auspices of the two lodges, Don Carlos Lodge, I. D. E. S., and Inez de Castro Lodge, S. P. R. S. I.

The Ladies' Aid Society of the M. E. Church will hold their annual church fair in the opera house on the evening of Saturday, April 21.

REMOVING GAS PLANT.

The Livermore W. and E. Company is tearing down the old gas works and lighting plant located in the northern addition, which has not been in use since the property was acquired from Philip Meyer.

The machinery has been purchased by H. S. White & Co., of San Francisco, and the building which housed it is being moved to Las Positas Springs, where it will be put together again to cover the electric pump which the company is putting in out there.

BUY CREDIT FILLY.

Mention was made in these columns some time ago of a crack filly by Owyhee, one of the great brood mares, Bertha, dam of Diablo (2:03 3/4), Debertha, etc. This mare was purchased by Chabourne & Sutherland at a long price by Seashlight (2:03 3/4), and as grand a looking two-year-old as ever looked through a bridle. Mr. Crellin is proud of this fellow, and justly so, for he has the conformation of a race horse, and with training will undoubtedly be very fast.

BRIEFLETS.

T. B. Jackson, formerly of Hayward, who is an expert marble man and stonecutter, has opened a marble yard in the vacant lot across from the Washington Hotel. This is a line of business not previously represented in Livermore.

By the death of Patrick Coughlin there have been three applications for his position as night watchman. They are from William Frost, Carl Ben and Adolph Johnson, the latter of whom is acting as temporary watchman until such time as the board appoints a regular watchman. It is not likely that this will be done until after the approaching town election on April 9, and the organization of the new Board of Trustees.

PERSONAL MENTION.

Eans Madsen, who recently married Miss Anna Beyer, daughter of Peter Beyer, the marriage taking place in San Francisco, has returned with his bride. The young couple are residing on the Amos Clark place, which the groom is farming this year.

William McDonald, of Oakland, is visiting his parents, Mr. and Mrs. Robert McDonald, on the old home ranch, near the Towamog School. Since leaving the vicinity of Livermore, "Billy" McDonald has achieved fame in musical circles. He traveled with the Bostonians at one time and is well known in musical circles about the bay.

Mrs. Theodore Gerner has been in Sacramento this week attending the funeral of her sister, Mrs. H. Godegas. This family formerly lived in Livermore for a short time. Mr. Godegas, having a clear factory here, is leaving the past week Joshua Bright of St. Louis, Mo. About thirty-five years

WOULD EXPEDITE THE OIL HEARING

NEW YORK, March 9.—Alfred D. Eddy of Chicago, western counsel for the Standard Oil interests, will meet General Counsel Elliott today and submit to him the views of Attorney-General Hadley of Missouri relative to the possibility of expediting the New York hearing in the suits brought against the oil company instituted by the western producers.

"It is possible," said Mr. Elliott yesterday, "that some agreement may be reached between opposing counsel by which the taking of testimony may be simplified when the hearing is resumed here. It may be that certain facts may be agreed to and that the Standard Oil Company, through its attorneys, will agree to produce certain witnesses. It is not true that any compromise has been
